

Willem De Kooning

Catherine Morris

Willem De Kooning:

Willem de Kooning Carolyn Lanchner, 2011 Willem de Kooning was a pioneering figure among Abstract Expressionists one of the most influential champions of the dynamic new painting that brought New York to the center of the international scene in the 1950s This book features ten paintings and drawings by de Kooning selected from The Museum of Modern Art's substantial collection of his work Together they trace the artist's career illustrating his much heralded debut exhibition in 1948 his sensational Woman series of the 1950s and 1960s and the serene works he made late in life An essay by Carolyn Lanchner a former curator of painting and sculpture at the Museum accompanies each work illuminating its significance and placing it in its historical moment in the development of modern art

Willem de Kooning Louise Hawes, 2002 Discusses the private and professional life of the twentieth century American painter who was part of the Abstract Expressionism movement of art

De Kooning Harry F. Gaugh, Willem De Kooning, 1983 Willem de Kooning had a restless probing creativity pushing on from one style to the next The battle between abstraction and figuration was essential to his art as he moved from the profound black and white abstractions of the 1940s to the ferocious Women of the 1950s through the later landscapes and the final lyrical abstractions This richly illustrated volume offers a perceptive and sympathetic view of an artist who made some of the greatest art of this century The variety the inventiveness the sheer quality of de Kooning's work demand our attention and reward us with visual riches Book jacket

Willem de Kooning, the First Twenty-six Years in New York Sally Yard, 1986

Willem De Kooning Sally Yard, 2007 A leading figure in the emergence of abstract expressionist painting in New York Willem de Kooning arrived in the United States in 1926 as a twenty two years old stowaway from Holland during the Depression years he was a dedicated visitor to the museums and galleries of Manhattan and did a brief stint as a WPA painter which was curtailed because he was not a citizen With resolute determination de Kooning ventured beyond the radical departures of cubism toward the visceral physicality of the abstractions that comprised his first one person exhibition in 1948 Five years later an exhibition of women painted in aggressive lashing gestures stunned contemporaries not only for the vehemence of the artist's attack but also for the evident reversal of direction yet across six decades the alternation and intertwining of abstraction and figuration remained fundamental to de Kooning's work 130 illustrations

[Willem de Kooning Nonstop](#) Rosalind E. Krauss, 2016-03-01 In the early 1950s Willem de Kooning's Woman I and subsequent paintings established him as a leading member of the abstract expressionist movement His wildly impacted brushstrokes and heavily encrusted surfaces baffled most critics who saw de Kooning's monstrous female image as violent aggressive and ultimately the product of a misogynistic mind In the image rich Willem de Kooning Nonstop Rosalind E Krauss counters this view with a radical rethinking of de Kooning's bold canvases and reveals his true artistic practices Krauss demonstrates that contrary to popular conceptions of de Kooning as an artist who painted chaotically only to finish abruptly he was in fact constantly reworking the same subject based on a compositional template This template informed all

of his art and included a three part vertical structure the projection of his male point of view into the painting or sculpture and the near universal inclusion of the female form which was paired with her redoubled projection onto his work Krauss identifies these elements throughout de Kooning s oeuvre even in his paintings of highways boats and landscapes Woman is always there A thought provoking study by one of America s greatest art critics Willem de Kooning Nonstop revolutionizes our understanding of de Kooning and shows us what has always been hiding in plain sight in his work [Get to Know Willem de Kooning](#) Charlotte Taylor,2016 Although born in the Netherlands Willem de Kooning is known as an American abstract expressionist Through accessible compelling language and full color reproductions of some of Kooning s most well known pieces readers will learn all about his life as well as his art Art Smart boxes create an understanding of de Kooning s painting procedure and mediums *Willem de Kooning, 1904-1997* Barbara Hess,Willem De Kooning,2004 Dutch born American painter Willem de Kooning 1904 1997 was a leader of the Abstract Expressionist movement This text takes a look at his life and work **Willem de Kooning** Willem De Kooning,Julie Sylvester,David Sylvester,2006 [Willem de Kooning](#) Marla Prather,1994 One of America s greatest painters Willem de Kooning is a masterful colourist whose huge canvases are charged with enormous energy The publication of this beautiful book which presents eighty of de Kooning s finest paintings and painted works on paper from the early 1940s to the 1980s coincides with the artist s ninetieth birthday in the spring of 1994 Organized thematically and chronologically the book focuses on de Kooning s most noteworthy and original painted achievements portraits from the early 1940s black and white abstractions from 1945 to 1949 that established de Kooning as a leader of the abstract expressionist movement monumental cityscape paintings from 1949 and 1950 key selections from the notorious Woman series of 1945 to 1954 highway and pastoral landscape abstractions from 1954 to 1960 lush figures in landscapes from 1966 to 1973 landscapes from the 1970s and later expressive and calligraphic tableaux Drawing on new archival sources essays by David Sylvester Richard Shiff and Marla Prather reassess de Kooning s critical status examine his complex and evocative painting techniques place him in the context of other artists and art movements of his era and discuss the fundamental impact of his art on subsequent generations The book serves as the catalogue for a major retrospective of de Kooning s work that will be on exhibit at the National Gallery of Art in Washington from 8 May 1994 to 5 September 1994 the Metropolitan Museum in New York from 6 October 1994 to 8 January 1995 and the Tate Gallery in London from 15 February 1995 to 7 May 1995 **The Essential Willem de Kooning** Catherine Morris,1999 Examines the work and career of Willem de Kooning including background information about the New York School and others who influenced the artist **Willem de Kooning** Susan Lake,2010 This in depth study of the paintings of Willem de Kooning 1904 1997 from the 1940s through the 1970s breaks new ground in its analysis of the artist s working methods and yields new information about previously unreported materials De Kooning s idiosyncratic working methods have long engendered intense speculation and debate among conservators and art historians primarily on the basis of visual inspection and anecdotal accounts rather than

rigorous technical analysis This is the first systematic study of de Kooning s creative process to use comprehensive scientific examinations of the artist s pigments binders and supports to inform art historical interpretations thereby presenting a key to the complicated evolution of the artist s work Written for conservation scientists conservators specialists in modern art history museum curators and practicing artists this book offers insights into the way an artist can achieve radical changes in style The technical discussions will have practical applications for conservators curators collections managers and collectors who care for twentieth century art
