## **Window New And Selected Poems:**

**In the Black Window** Michael Van Walleghen, 2010-10-01 The title of Michael Van Walleghen's new collection evokes thematic preoccupations that have shadowed him throughout his long career. Appearing as a phrase in the poems themselves, *In the Black Window* more generally points to Van Walleghen's enduring interest in the intersection between inner and outer worlds of experience: those liminal moments in other worlds where we become aware of ourselves. We live at once in a strictly personal material dimension but also in a distinctly spiritual one. Yet when looking from a lighted kitchen into a night black window on a winter evening, we might perhaps become suddenly aware not only of our own reflection but also of our complicity in some deeper mystery altogether.

**The Window** Dahlia Ravikovitch, 1989-12 Ravikovitch is one of the greatest Hebrew women poets and a distinctive voice in the Israeli peace movement. Both mystical and political, these are visionary poems of loss and hope.

**Windows & Stones** Tomas Tranströmer, 1972 [Till One Day the Sun Shall Shine More Brightly](#) Derek Pollard, 2020-01-29 Since the publication of *From the Abandoned Cities* in 1983, Donald Revell has been among the more consistent influencers in American poetry and poetics. Yet his work has achieved the status it has: his honors include fellowships from the National Endowment for the Arts and the Guggenheim Foundation and awards from the PEN Center USA and *American Poetry Review* in a manner that has often tended to belie its abiding significance. This collection of essays, reviews, and interviews is designed to ignite a more wide-ranging critical appraisal of Revell's writing from his fourteen collections of poems to his acclaimed translations of French symbolist and modernist poets to his artfully constructed literary criticism. Contributors such as Marjorie Perloff, Stephanie Burt, Dan Beachy Quick, and Bruce Bond examine key elements in and across Revell's work from his visionary postmodernism. Our words can never say the mystery of our meanings, but there they are spoken and meaning worlds to us to his poetics of radical attention. And so a poem has nothing to do with picking and choosing with the *mot juste* and reflection in tranquility. It is a plain record of one's entire presence in order to enlarge our understanding of how and why that work has come to occupy the place that it has in contemporary American letters.

**The Cambridge Companion to the Sonnet** A. D. Cousins, Peter Howarth, 2011-02-03 A team of distinguished poets and scholars provides an authoritative guide to the history and development of the sonnet.

*The Critical Reception of Howard Nemerov* Bowie Duncan, 1971 This book comprehensively examines Howard Nemerov's literary legacy through a curated selection of critical essays and reviews. The collection delves into various aspects of Nemerov's poetry and prose, highlighting his thematic concerns, stylistic innovations, and contributions to American literature. Additionally, the book features an extensive bibliography spanning pages 145 to 211, which meticulously catalogs Nemerov's published works, providing valuable resources for scholars and enthusiasts alike.
