Stolen Children:

Stolen Children Peg Kehret, 2010-02-18 When Amy agreed to baby sit Kendra Edgerton she had no idea she was stepping into a kidnapping plot Two men force the girls out of the house and into a cabin in the woods where they create DVDs to send to the families in hopes of a large ransom from Kendra s wealthy parents Using her wits and imagination Amy stealthily sends clues to the police through the DVDs but time is working against her She has one week until her captors decide to return Kendra and get rid of Amy

The Country of Lost Children Peter Pierce, 1999-06-07 This book traces the figure of the lost child in Australia s history and imagination

The Lost Children Tara Zahra, 2011 During the Second World War an unprecedented number of families were torn apart As the Nazi empire crumbled millions roamed the continent in search of their loved ones *The Lost Children* tells the story of these families and of the struggle to determine their fate We see how the reconstruction of families quickly became synonymous with the survival of European civilization itself Even as Allied officials and humanitarian organizations proclaimed a new era of individualist and internationalist values Tara Zahra demonstrates that they defined the best interests of children in nationalist terms Sovereign nations and families were seen as the key to the psychological rehabilitation of traumatized individuals and the peace and stability of Europe Based on original research in German French Czech Polish and American archives *The Lost Children* is a heartbreaking and mesmerizing story It brings together the histories of eastern and western Europe and traces the efforts of everyone from Jewish Holocaust survivors to German refugees from Communist officials to American social workers to rebuild the lives of displaced children It reveals that many seemingly timeless ideals of the family were actually conceived in the concentration camps orphanages and refugee camps of the Second World War and shows how the process of reconstruction shaped Cold War ideologies and ideas about childhood and national identity This riveting tale of families destroyed by war reverberates in the lost children of today s wars and in the compelling issues of international adoption human rights and humanitarianism and refugee policies

The Politics of Victimhood in Post-conflict Societies Vincent Druliolle, Roddy Brett, 2018-02-20 This volume sheds new light upon the role of victims in the aftermath of violence Victims are central actors in transitional justice the politics of memory and conflict resolution yet the analysis of their mobilisation and political influence in these processes has been neglected After introducing and explaining the reasons for this limited interest the book s chapters focus on a range of settings and draw on different disciplines to offer insights into the interrelated themes of victimhood victims their individual and collective identities and their role in and impact upon post conflict societies and the politics of victimhood meaning how victimhood is defined negotiated and contested both socially and politically Because it outlines a stimulating research agenda and challenges the view that victims are passive or apolitical this interdisciplinary volume is a significant contribution to the literature and will be of interest to scholars from disciplines such as law anthropology political science human rights international studies and to practitioners

STOLEN CHILDREN ,1997 Absent Mothers Frances Greenslade, 2017

Missing dead disappeared or otherwise absent mothers haunt us and the stories we tell ourselves Our literature from fairytales like Cinderella and The Little Mermaid to popular narratives like Cheryl Strayed s recent book Wild is peopled with motherless children The absent mother whether in literature or life may force us to forge an independent identity But she can also leave a mother shaped hole and a howling loneliness that dogs us through our adult lives This anthology explores the theme of absent mothers from scholars and creative writers who tell personal stories and provide the theoretical framework to recognize and begin to understand the impact of motherlessness that ripples through our cultures and our art *The Stolen Child; Or, A New Hampshire Man in Boston* H.
