**Narrative in English Conversation** Christoph Rühlemann, 2014-01-09 Storytelling is a fundamental mode of everyday interaction This book is based upon the Narrative Corpus NC a specialized corpus of naturally occurring narratives and provides new paths for its study Christoph R hlemann uses the NC s narrative specific annotation and XPath and XQuery query languages that allow the retrieval of complex data structures to facilitate large scale quantitative investigations into how narrators and recipients collaborate in storytelling Empirical analyses are validated using R a programming language and environment for statistical computing and graphics Using this unique data and methodological base R hlemann reveals new insights including the discovery of turntaking patterns specific to narrative the first investigation of textual colligation in spoken data the unearthing of how speech reports as discourse units form striking patterns at utterance level and the identification of the story climax as the sequential context in which recipient dialogue is preferentially positioned

The Routledge Companion to Narrative Theory Paul Dawson, Maria Mäkelä, 2022-07-18 The Routledge Companion to Narrative Theory brings together top scholars in the field to explore the significance of narrative to pressing social cultural and theoretical issues How does narrative both inform and limit the way we think today From

conspiracy theories and social media movements to racial politics and climate change future scenarios the reach is broad This volume is distinctive for addressing the complicated relations between the interdisciplinary narrative turn in the academy and the contemporary boom of instrumental storytelling in the public sphere The scholars collected here explore new theories of causality experientiality and fictionality challenge normative modes of storytelling and offer polemical accounts of narrative fiction nonfiction and video games Drawing upon the latest research in areas from cognitive sciences to complexity theory the volume provides an accessible entry point for those new to the myriad applications of narrative theory and a point of departure for new scholarship

**Management and Inter/Intra Organizational Relationships in the Textile and Apparel Industry** Margalina, Vasilica-Maria, Lavín, José M., 2019-12-27 Numerous clothing industries face highly dynamic environments and growth in this environment depends upon both external and internal factors External factors are represented by aggressive competition and volatile product demand Internally the industry must face an increasingly shorter life cycle of the product and the need to innovate both product and organizational development The competitive advantage of the industry lies in its ability to design a value creating system based on the management of both external and internal relationships The successful management of these relationships relies not only on successful customer relationship management but also on effective product supply and demand upkeep Management and Inter Intra Organizational Relationships in the Textile and Apparel Industry provides emerging research exploring relevant theoretical frameworks and the latest empirical research underlining the complexity of management applications within the textile industry Featuring coverage on a broad range of topics such as consumer relationships cultural identity and organizational culture this book is ideally designed for researchers academicians professionals and students working in various disciplines including management industrial organization organizational behavior human resource management decision science design science and information and communication Moreover the book will provide insights and support executives and managers of the textile and apparel industry concerned with the ethic design contamination and the management relationships with workers customers suppliers the community and organizational development
