Strange Vibrations:

Personalizing Haptics Hasti Seifi, 2019-06-15 This monograph presents a vision for haptic personalization tools and lays the foundations for achieving it Effective haptic personalization requires a suite of tools unified by one underlying conceptual model that can easily be incorporated into users workflows with various applications Toward this vision the book introduces three mechanisms for haptic personalization and details development of two of them into 1 an efficient interface for choosing from a large haptic library and 2 three emotion controls for adjusting haptic signals A series of quantitative experiments identifies five schemas engineering sensation emotion metaphor and usage examples for how end users think and talk about haptic sensations and characterizes them as the underlying model for the personalization tools *Personalizing Haptics* highlights the need for scalable haptic evaluation methodologies and presents two methodologies for large scale in lab evaluation and online crowdsourcing of haptics While the work focuses on vibrotactile signals as the most mature and accessible type of haptic feedback for end users the concepts and findings extend to other categories of haptics Taking haptics to the crowds will require haptic design practices to go beyond the current one size fits all approach to satisfy users diverse perceptual functional and hedonic needs reported in the literature This book provides a starting point for students researchers and practitioners in academia or industry who aim to adapt their haptic and multisensory designs to the needs and preferences of a wide audience

The Collected Works of William Walker Atkinson - Self-Help Collection

William Walker Atkinson, 2023-12-29 In *The Collected Works of William Walker Atkinson Self Help Collection* the reader is immersed in a comprehensive anthology that encapsulates Atkinson's pioneering contributions to the self help genre Atkinson's writing is characterized by its pragmatic approach and accessible engaging style blending philosophical insights with practical strategies for personal development Set against the backdrop of the early 20th century a time marked by rapid social change and burgeoning interest in psychological wellness this collection reflects a synthesis of Eastern philosophy and Western thought ultimately advocating for the transformative power of the mind in shaping one's destiny William Walker Atkinson was a prolific author and a foundational figure in the New Thought movement which emphasized the power of positive thinking and the law of attraction His extensive background in various fields including the study of occult sciences and metaphysics deeply influenced his writings Atkinson's personal struggles with health and societal challenges compelled him to explore and articulate the principles of self improvement leading to a career dedicated to inspiring others through his insightful teachings Readers seeking a pragmatic yet profound approach to personal growth will find this collection invaluable Atkinson's works remain relevant offering timeless strategies for overcoming obstacles and cultivating a prosperous mindset This anthology is a treasure trove for those looking to empower themselves and actualize their potential in an increasingly complex world In this enriched edition we have carefully created added value for your reading experience A comprehensive Introduction outlines these selected works unifying features themes or stylistic evolutions A Historical

Context section situates the works in their broader era social currents cultural trends and key events that underpin their creation A concise Synopsis Selection offers an accessible overview of the included texts helping readers navigate plotlines and main ideas without revealing critical twists A unified Analysis examines recurring motifs and stylistic hallmarks across the collection tying the stories together while spotlighting the different work s strengths Reflection questions inspire deeper contemplation of the author s overarching message inviting readers to draw connections among different texts and relate them to modern contexts Lastly our hand picked Memorable Quotes distill pivotal lines and turning points serving as touchstones for the collection s central themes

The Goddess and the Shaman J. A. Kent,2025-08-05 Explore the resurgence of magical and shamanic healing in the world today Recovering from disease pain and mental illness often means addressing otherworldly causes such as soul loss soul fragmentation or invasive spirits Interviewing modern shamanic practitioners and sharing her own experiences as a psychotherapist and healer author J A Kent PhD shows how ritual practice and mystical experience can be used as tools to foster profound spiritual and psychological growth Through exploration of otherworldly phenomena the Western mystery traditions and the author s psychotherapy case studies this book shows how the Goddess represents the numinous reality of the universe while the Shaman represents the archetypal figure that can access the other side to bring forth knowledge and healing
