Two opposing worlds

Three new friends

One life-changing adventure they'll never forget

Olly Summerson runs away from bullies on a school trip to the island of Portland. He soon finds himself hiding out in top secret tunnels under the island where he discovers a portal to another world.

Sibel Jandall finds herself alone and very far from home, having been washed up on the island following a terrible storm. In a strange country and desperate to find her family, Sibel soon comes face-to-face with a fantastic sea creature she thought only existed in storybooks.

April Boatwain skips school to search for treasure after a massive storm. She soon finds two new friends, uncovers a shocking family secret, and travels to a world far beyond anything she could have imagined.

When mysterious sea creatures start arriving on the island, the three new friends must overcome their differences to work together to help each other find family, new homes, and for one of them, unlock their destiny.

Stranger Shores Katie Zaber, 2022-06-08 Stranger Shores J. M. Coetzee, 2001 **The Found Voice** Denis Sampson, 2016-05-12

The Found Voice Writers Beginnings uses the means of literary biography and criticism to do something rarely attempted to understand how a key creative period establishes the authoritative voice of a unique artist. The essays which explore this hidden process of the writer writing focus on some of the major writers of recent times: V S Naipaul, J M Coetzee, Alice Munro, William Trevor, and Mavis Gallant. The focus of investigation is a single work by each author, and many of them identify the book in which this turning point was reached. The writers have a somewhat different sense of what the voice is: a true voice, the voice in the mind, the writing voice, etc. Yet all of them accept the phrase finding a voice as a decisive and necessary process towards a unique style and vision, their *raison d'être* as artists. These essays allow each one to define his or her sense of the process of writing, and their style is exploratory. Nevertheless, certain patterns emerge: of migration and cultural displacement, of linguistic self-consciousness, of memory, and a reimagining of the first home, of absorbing and rejecting mentors and models. Crucially, the essays rely not just on what led up to the moment of creation, but on a sense of the career that emerged from it. Most of the writers have written retrospectively in memoirs, interviews, or essays about the pivotal work and its foundational significance. They are the best witnesses to the process, although their silence or their commentary is understood in terms of the many strands of the narrative that each essay presents.

Provincials Sumana Roy, 2024-03-26

From the acclaimed author of *How I Became a Tree*, an enchanting and joyous exploration of life and creativity at the geographical edges of the modern world. A striking mix of memoir and literary analysis. Wise and whimsical.

Tunku Varadarajan, *Wall Street Journal*. Who is a provincial? In this subversive book, Sumana Roy assembles a striking cast of writers, artists, filmmakers, cricketers, tourist guides, English teachers, lovers, and letter writers, private tutors, and secret keepers whose lives and work provide varied answers to that question. Combining memoir with the literary, sensory, and emotional history of an ignored people, she challenges the metropolitan's dominance to reclaim the joyous dignity of provincial life: its tics and taunts, enthusiasms and tragicomedies. In a wide-ranging series of postcards from the peripheries of India, Europe, America, and the Middle East, Roy brings us deep into the imaginative world of those who have carried their provinciality like a birthmark. Ranging from Rabindranath Tagore to William Shakespeare, John Clare to the Bhakti poets, T S Eliot to J M Coetzee, V S Naipaul to the Brontës and Kishore Kumar to Annie Ernaux, she celebrates the provincials' humor and hilarity, playfulness and irony, belatedness and instinct for carefree accidents and freedom. Her unprecedented account of provincial life offers an alternative portrait of our modern world.
