Strangers on the Earth James W. Thompson, 2020-04-24 Contrary to what we might imagine from its title the Epistle to the Hebrews is immersed in Hellenistic thought Its author demonstrates an acquaintance with Greco Roman rhetoric and often supports his arguments with the assumptions of Hellenistic philosophy While he shares the apocalyptic worldview of other Jews in this period he recasts it with the language of Middle Platonism

A Stranger's Broken Language Young Jun Kim, 2012-07 Writing poem is most attractive behavior to me The reason is purification of my soul and pursuing essential thing So poetic language remains a lot of imageries metaphors and symbols Still I have an obligation that I have to remain my writing to my descendants This is the first reason to write these poems because I am a stranger who doesn't know well dominant language English And as a stranger I have a desire to send what my emotions struggles and experiences are as a first generation Secondly I want to send my devotional emotions from in my being and nature So my poems express some spiritual struggles and devotions as a hidden form like metaphor symbol and story Thirdly my style of poem is narrative or story This makes me uncomfortable because I have tried to express with some hidden form of language from my nature and spiritual sight than phenomenon So I have a prayer to recognize what the universal language which would be human's nature to send inner voices is Thanks to all my readers

Truth-Telling and Other Ecclesial Practices of Resistance Christine Helmer, 2021-05-25 In this book leading American Lutheran theologians inspired by the Scandinavian emphasis on theology as embodied practice ask how Christian communities might be mobilized for resistance against systemic injustices They argue that the challenges we confront today as citizens of the United States as a species in relation to all the other species on the planet and as members of the body of Christ require an imaginative reconceptualization of the inherited tradition The driving force of each chapter is the commitment to truth telling in naming the church's complicity with social and political evils and to reorienting the church to the truth of grace that Christianity was created to communicate Contributors ask how ecclesial resources may be

generatively repurposed for the church in the world today for church building grounded in Christ and for empowering the church's witness for justice. The authors take up the theme of resistance in both theoretical and pragmatic terms on the one hand rethinking doctrine on the other reconceiving lived religion and pastoral care in light of the necessary urgencies of the time and bearing witness to the God whose truth includes both justice and hope. Political Questions Larry Arnhart, 2015-08-28 In this enhanced edition Larry Arnhart continues to ask thought provoking questions that illuminate the philosophies of some of the most prominent political thinkers throughout history. This clear well written guide is an ideal supplement to the original texts he recommends at the beginning of each chapter. In addition to his analysis of Plato Aristotle Augustine Aquinas Machiavelli Descartes Rousseau Hegel Marx Nietzsche and Rawls the author's well organized and insightful approach provides an even more comprehensive overview than the earlier editions. Supplementing the discussion of Leviathan the chapter on Thomas Hobbes covers Behemoth. The chapter on John Locke includes his Letter Concerning Toleration as well as the original discussion of Second Treatise of Government. A chapter on Adam Smith has been added which discusses Theory of Moral Sentiments and Wealth of Nations. Leo Strauss is featured with an examination of Persecution and the Art of Writing and Natural Right and History. A final chapter analyzes Steven Pinker's The Better Angels of Our Nature.
