The Mangler:

Screening Stephen King Simon Brown, 2018-02-28 Since the 1970s the name Stephen King has been synonymous with horror. His vast number of books has spawned a similar number of feature films and TV shows and together they offer a rich opportunity to consider how one writer's work has been adapted over a long period within a single genre and across a variety of media and what that can tell us about King about adaptation and about film and TV horror. Starting from the premise that King has transcended ideas of authorship to become his own literary cinematic and televisual brand *Screening Stephen King* explores the impact and legacy of over forty years of King film and television adaptations. Simon Brown first examines the reasons for King's literary success and then starting with Brian De Palma's *Carrie* explores how King's themes and style have been adapted for the big and small screens. He looks at mainstream multiplex horror adaptations from *Cujo* to *Cell* low budget DVD horror films such as *The Mangler* and *Children of the Corn* franchises non horror films including *Stand by Me* and *The Shawshank Redemption* and TV works from *Salem's Lot* to *Under the Dome*. Through this discussion Brown identifies what a Stephen King film or series is or has been how these works have influenced film and TV horror and what these influences reveal about the shifting preoccupations and industrial contexts of the post 1960s horror genre in film and TV.

Horror Films of 2000-2009 John Kenneth Muir, 2023-03-22 Horror films have always reflected their audiences fears and anxieties. In the United States the 2000s were a decade full of change in response to the 9/11 terrorist attacks the contested presidential election of 2000 and the wars in Iraq and Afghanistan. These social and political changes as well as the influences of Japanese horror and New French extremism had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009 including such popular forms as found footage torture porn and remakes. Each entry covers a single film and includes credits a synopsis and a lengthy critical commentary. The appendices include common horror conventions a performer hall of fame and memorable ad lines.

Adapting Stephen King Joseph Maddrey, 2023-08-04 Stephen King's fiction has formed the basis of more motion picture adaptations than any other living author. His earliest short stories collected in the *Night Shift* anthology have been adapted into hit features including *Creepshow* *Children of the Corn* *Cat's Eye* *Maximum Overdrive* *Graveyard Shift* *Sometimes They Come Back* and *The Mangler*. Through his *Dollar Baby* program King licensed several *Night Shift* stories to aspiring filmmakers for just one dollar each resulting in numerous student film adaptations. This book critically examines and contextualizes adaptations of the *Night Shift* short stories from big box office features to relatively unknown student films. It illuminates how each film is a uniquely and intricately collaborative endeavor and charts the development of each adaptation from first option to final cut. Through old and new interviews with the creators the work explores how filmmakers continue to reinvent reimagine remake and reboot King's stories.
