*The Miners' Strike, 1984-5* Martin Adeney, John Lloyd, 2021-09-05 This book first published in 1986 examines the miners strike of 1984-5 an event that formed the decisive break with a forty year old British tradition of political and industrial compromise The stakes for the main parties were so high that the price each was willing to pay the loss each was willing to sustain exceeded anything seen in an industrial dispute in half a century This book examines and assesses the strike's full implications and puts it into its historical and political context

[The Miners: Years of Struggle](#) Robert Page Arnot, 2023-07-21 First published in 1953 *The Miners Years of Struggle* is the official history of the British miners which draws on original sources moving into the stormy period when the economic bargaining of the million colliery employees with the mine owners became the concern of Parliament and people The great strike of 1921 the stoppages of 1921 and 1926 the latter opening with the General Strike and how successive administrations met those crises these form an historical matrix from which the present public ownership inevitably emerged The conflict of ideas and personalities is shown as part of the struggles of these stormy times This book will be of interest to students of history sociology economics and political science
