## **The Mining Frontier:**

Mining Frontiers of the Far West, 1848-1880 Rodman Wilson Paul, 2001 Long out of print this study of western mining is now available with three new chapters by Elliott West When originally published in 1963 Professor Paul's book offered the first comprehensive view of western mining as an integral part of the settlement process In his supplemental chapters Professor West presents a social history of mining camps encompassing discussions of gender class race labor and the environment The combined scholarship of Paul and West makes a strong case for the transforming effects of the mining frontier on western society in particular and American society in general This revised expanded edition continues to offer a distinctively vivid voice and an unusually keen eye for telling detail BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The mining frontier: contemporary accounts from the American West in the nineteenth century* Marvin Lewis, The Mining Frontier Marvin Lewis, 1967 **The Mining Frontier** Marvin Lewis, 1967 The Mining Frontier of South Dakota, 1874-1877 Lawrence E. Olson, 1931 *The Saloon on the Rocky Mountain Mining Frontier* Elliott West, 1996-09-01 Elliott West's careful analysis of the role and development of the saloon as an institution on the mining frontier provides unique insights into the social and economic history of the American West Drawing on contemporaneous newspapers and many unpublished firsthand accounts West shows that the physical evolution of the saloon from crude tents and shanties into elegant establishments for drinking and gaming reflected the growth and maturity of the surrounding community **The Mining Frontier.
