[The Arab and Jewish Questions](#) Bashir Bashir, Leila Farsakh, 2020-12-15 Nineteenth century Europe turned the political status of its Jewish communities into the Jewish Question as both Christianity and rising forms of nationalism viewed Jews as the ultimate other With the onset of Zionism this question migrated to Palestine and intensified under British colonial rule and in the aftermath of the Holocaust Zionism's attempt to solve the Jewish Question created what came to be known as the Arab Question which concerned the presence and rights of the Arab population in Palestine For the most part however Jewish settlers denied or dismissed the question they created to the detriment of both Arabs and Jews in Palestine and elsewhere This book brings together leading scholars to consider how these two questions are entangled historically and in the present day It offers critical analyses of Arab engagements with the question of Jewish rights alongside Zionist and non Zionist Jewish considerations of Palestinian identity and political rights Together the essays show that the Arab and Jewish questions and the Israeli Palestinian conflict in which they have become subsumed belong to the same thorny history Despite their major differences the historical Jewish and Arab questions are about the political rights of oppressed groups and their inclusion within exclusionary political communities a question that continues to foment tensions in the Middle East Europe and the United States Shedding new light on the intricate relationships among Orientalism anti-Semitism Islamophobia colonialism and the impasse in the Israeli Palestinian conflict this book reveals the inseparability of Arab and Jewish struggles for self-determination and political equality Contributors include Gil Anidjar Brian Klug Amal Ghazal Ella Shohat Hakem Al Rustom Hillel Cohen Yuval Evi Derek Penslar Jacqueline Rose Moshe Behar Maram Masarwi and the editors Bashir Bashir and Leila Farsakh

The World's Civil Service F. R. Scott,1954 *Index Islamicus* ,1999 *Dynasties Intertwined* Matt King,2022-06-15
Dynasties Intertwined traces the turbulent relationship between the Zirids of Ifriqiya and the Normans of Sicily during the eleventh and twelfth centuries In doing so it reveals the complex web of economic political cultural and military connections that linked the two dynasties to each other and to other polities across the medieval Mediterranean Furthermore despite the contemporary interfaith holy wars happening around the Zirids and Normans their relationship was never governed by an overarching ideology like jihad or crusade Instead both dynasties pursued policies that they thought would expand their power and wealth either through collaboration or conflict The relationship between the Zirids and Normans ultimately came to a violent end in the 1140s when a devastating drought crippled Ifriqiya The Normans seized this opportunity to conquer lands across the Ifriqiyian coast bringing an end to the Zirid dynasty and forming the Norman kingdom of Africa which persisted until the Almohad conquest of Mahdia in 1160 Previous scholarship on medieval North Africa during the reign of the Zirids has depicted the region as one of instability and political anarchy that rendered local lords powerless in the face of foreign conquest Matt King shows that to the contrary the Zirids and other local lords in Ifriqiya were integral parts of the far reaching political and economic networks across the Mediterranean Despite the eventual collapse of the Zirid dynasty at the hands of the Normans *Dynasties Intertwined* makes clear that its emirs were active and consequential Mediterranean players for much of the eleventh and twelfth centuries with political agency independent of their Christian neighbors across the Strait of Sicily **The International Journal of African Historical Studies** ,1999 *Domes* ,1999 *Encyclopedia of Women & Islamic Cultures: Methodologies, paradigms and sources* Suad Joseph,Afsaneh Najmabadi,2003 Focuses on women and the civilizations and societies in which Islam has played a historic role Surveys all facets of life society economy politics

religion the arts popular culture sports health science medicine environment and so forth of women in these societies *The Caliphate and Islamic Statehood: Challenges and fragmentation* Carool Kersten,2015 This three volume reference work tracks the history of the Caliphate as what many Muslims believe to be a genuine and authentic Islamic political institution From its emergence in seventh century Arabia until highly contested and controversial attempts of its revival at the beginning of the twenty first century by radical Islamists in Afghanistan and Iraq No matter how randiose such interpretations of a seemingly archaic institution may be they show the Caliphate s longevity as a rallying point real or symbolic for Muslims across the world Page 4 of cover each volume The National Question James Morris Blaut,1987 *Journal of the Muhyiddin Ibn 'Arabi Society* ,2001 *Classified replies to the Commissioners' questions* India.
