The Plot Against Christianity Elizabeth Kirkpatrick Dilling, 1964 **The Plot Against Christianity** Elizabeth Dilling, 1998-10-01 *Index Commentary on the Plot Against Christianity* Elizabeth Kirkpatrick Dilling, 1965 **The Plot Against Christianity**, 194? **The Plot Against Christianity** Elizabeth Dilling, 1970-01-01 [The Plot Against the Church](#) Maurice Pinay, 1989 **The Lookout for Christ and the Church**, 1903 [The Texts of Hate](#) Steven Jacobs, 2025-10-06

The Texts of Hate examines a selection of anti Jewish texts throughout history with accompanying introductions setting them in their appropriate contexts The comprehensive coverage of the subject matter across two thousand years of Western and Middle Eastern history gives this volume a unique depth of insight into the enduring and pernicious nature of anti Jewish propaganda The chronology of historical texts with antisemitic themes forms an important and unique reference tool for any student or researchers interested in this field

Three Perspectives: Jewish, Christian, and Muslim Steven H. Propp, 2009-12-30

You're Jewish aren't you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself

Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001

Join a diverse cast of characters some of whom appeared in the authors earlier book *Beyond Heaven and Earth* in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world

[Political Anti-Semitism in Post-Soviet Russia](#) Vyacheslav Likhachev, 2012-02-03

Anti Semitism was a major feature of both late Tsarist and Stalinist as well as neo Stalinist Russian politics What does this legacy entail for the emergence of post Soviet politics What are the sources ideologies permutations and expressions of anti Semitism in recent Russian political life Who are the main protagonists and what is their impact on society This book shows that anti Semitism is

alive and well in contemporary Russia in general and in her political life in particular The study focuses on anti-Semitism in political groups mass media and religious organizations from the break up of the Soviet Union until shortly before the elections to the fourth post Soviet State Duma which saw the entry of a major new nationalist grouping Rodina Motherland into the Russian parliament The author analyzes various justifications for anti-Semitism its manifestations and its ups and downs during this period The book chronicles Russian federal and regional elections which served as a reality check for the ultra nationalists Several sections are devoted to the role of anti-Semitism in political associations including marginal neo-Nazi groups mainstream nationalist parties and the successor organizations of the Communist Party of the Soviet Union A special section covers the financial sources for post Soviet anti-Semitic publications The author considers anti-Semitism within a wider context of religious and ethnic intolerance in Russian society Likhachev as a result compiles a Who is Who of Russian political anti-Semitism His book will serve as a reliable compendium and obligatory starting point for future research on post Soviet xenophobia and ultra nationalist politics

Maelstrom James Aho,2023-11-17

Maelstrom Christian Dominionism and Far Right Insurgence illuminates the latest outbreak of right wing extremism in America This book reviews the cyclical nature of right wing resurgences in American history dismisses the appropriateness of the word fascism to explain them and then describes in depth the goal of reconstructing American institutions on the basis of biblical principles It critiques the popular view that far right politics is carried by stupid socially isolated nuts To this end it discusses the logicity of the big lie and examines in detail how people are recruited into the far right by entertaining the theories of authoritarianism and resource mobilization Finally it characterizes how the ends oriented rationality of far right activists differs from the mini max criterion of rationality utilized by the ordinary person This can motivate them to be violent and can frustrate efforts by the government to control them

African Traditional Religion versus Christianity Dmitry Usenco,2020-06-02

Breaking away from the centuries long theological tradition Dmitry Usenco offers a radically new semiotic reading of spirituality proceeding on his original theory of the initial cultural unity that embraces language technology and religion African Traditional Religion comes into focus as a valid alternative and in the long run an equal partner to Christianity in the creation of a modern pluralistic society While the author s concepts and conclusions may seem controversial to some none of the readers can discard them as irrelevant Africa s future will in many respects depend on her ability to preserve her cultural heritage in which religion plays a crucial part

Radical Religion in America Jeffrey Kaplan,1997-01-01

The burning in Waco of the Branch Davidian compound and the Oklahoma City bombing have heightened fear of American extremist groups Jeffrey Kaplan combines interviews correspondence and publications not hitherto accessible to examine the cultic milieu in which these religious movements exist Kaplan discusses several radical belief

systems but concentrates on three of the more prominent groups They include the Christian Identity whose members believe they are the true Aryan descendants of Israeli biblical tribes Odinism and the related Asatru movement which attempts to reconstruct the practices of Norse Germanic paganism and B bai Noah the anti Christian movement in favor of God s covenant with Noah To explain the existence and durability of religious cults he applies the philosophy of Colin Campbell From Martin Marty he employs the mapping theory to place the movements in the sphere of American spirituality His work details how the groups interact the internal organizational friction and how the private anti cult groups the Anti Defamation League Klanwatch and Cult Awareness Network monitor the activity of the movements He argues that right wing violence is primarily an impulsive act carried out by part time revolutionaries against convenient targets or against that which represents change in the status quo Thought provoking in his analysis Kaplan lays bare the issues for current debate how sectarian organizations far outside the mainstream of American religious life pose a significant challenge to prevailing conceptions of the First Amendment He questions the extent to which even the most antagonistic and despised groups can carry out fanatical actions and still benefit from such protection
