The Poetic Canvas:

The Poetic Canvas Theresa Bernstein, 1989 **A Poetic Canvas** Antony King, 2018-10-28 A Poetic Canvas is an eclectic collection of poetry comprised of beauty and words The poems in this collection are from the soul which will immediately resonate with the reader Elegant and precise A Poetic Canvas is a must for the thoughtful audience **canvas** James Morehead, 2021-06-15 James Morehead's Canvas opens itself to the poetry of everyday life where stanzas are etched in sand and poems end in sunset Combining micro narratives of Boston bullies cornering a young boy with minute descriptions of time in quarantine it draws us into moving tableaux of tenacious attention to what went down what might come up and where we might find ourselves These are poems to be savored re read kept handy for those times when only poetry will do W J T MITCHELL Senior Editor of Critical Inquiry and Gaylord Donnelley Distinguished Service Professor English and Art History University of Chicago In his debut collection James Morehead paints powerful images of life love and loss through the thoughtful selection and careful placement of words canvas features the extraordinary art of Kari Byron and Alla Tsank The year 2020 and its pandemic induced solitude inspired the poems that lead this collection Most are autobiographical in particular the title poem canvas and collectively form a fragmented memoir of memories and melancholy Some are fanciful like tethered inspired by a fleeting image seen while hiking the Pacific coastline All strive to paint images in the reader's mind through the power of poetry James creates an enchanting melody of poetic sound for the reader page after page He notices life's details with a tender yet precise eye down to the streets glistening with midnight rain and summer bursting outwards fierce from its slumber Using this keen observation James breaks past life's routines to uncover gems of beauty To read Canvas is to be transported to a world infused with meaning and memory Morgan Liphart author of Barefoot and Running **Canvas** Adam Zagajewski, 1994-04-01 Canvas Zagajewski's second book to appear in English features all of this poet's distinctive traits In these sixty one poems syntax explodes masses of detail spill from profuse catalogs lines break in ways apt but unexpected and compressed lyrics alternate with extended riffs European culture is the poet's native province throughout these explorations and time is a recurrent metaphysical concern *Lines from a Canvas* Jacob Miller, 2016 Lines from a Canvas offers the public one of the best kept secrets in the world of poetry for years the work of Jacob Miller His poems uniquely traverse the cultural territory from Homer to the Grateful Dead taking the reader from ancient Greece and Rome to the Holocaust to the Cold War to Vietnam to 9 11 In short the expansive canvas of his content presents a compelling spectrum mixing classical and modern brush strokes all while exploring experiences of love and loss isolation and separation as well as mortality Consistent with his content though perhaps of even greater importance the crowning achievement shown in this collection is Jacob Miller's new poetic technique which delivers the reader to an expertly constructed and long needed bridge between classical traditions such as rhyme and meter or even hidden slant rhymes or assonance connections and imagistic free verse Additionally this collection contains the poet's free verse libretto to the modern opera Manhattan in

Charcoal recently released on CD The title poem Lines from a Canvas offers the point of view of a canvas not the painter and this launches the operative conceit in this collection each poem explores the perspective of the canvas of life and death more than the poet himself Each poem truly brings something new to the page **Artwork on Mind's Canvas** Shelley Ann Vrgleski, 2017-06-20 Artwork on Mind's Canvas is Shelley Vrgleski's debut book of poetry with beautifully creative hand drawn illustrations Discover how each poem crafts a small part of the complete picture and random thought consummates the journey a journey into the senses that will leave you thinking long after you've finished the book 55 diverse and unforgettable poems are told in 3 chapters Pain exploring darker moments in life Pleasure sweet tales of love life and fantasy Thought playful sound bites Artwork on Mind's Canvas paints a journey into an artist's mind with a brush stroke of words

A Poetic Canvas William Donati, 2006 Canvas Anthony Green Jr, 11 poems structured and written to strike the mind as paintings Green Jr was influenced by the feelings of strolling through art galleries thinking of the depth of the pieces on the wall He wanted to give the reader that brief curiosity before understanding the art and connecting with the artist This feeling is evident in the pieces Inevitable and Old Things He opens with Red and Gray boxes which is an ode to his beloved sneakers He writes on how he removes his shoes from the shoe boxes and uses the boxes as storage for pages of poetry and he inadvertently claims to write as much as he walks In the poem Glass roof for a mural which is a dedication to his youngest brother he gets personal speaking on being a positive figure in the eyes of the youth Collectively these poems make for a masterpiece as well as serves as insight to the writing style that will be used in his third major poetry project

Poetry Canvas Allen Adrian Tompkins, 2025-08-12 Poetry Canvas A new illustrated collection combining visual image with the traditional poetic literacy research Designed for a new creative poets and artists who are enthusiasts and lifelong learners it offers vibrant images and verses that inspire creativity self discovery and fresh perspectives *Reframing Decadence* Peter Jeffreys, 2016-02-19 During his sojourn in England during the 1870s a young Cavafy found himself enthralled by the aesthetic movement of cosmopolitan London It was during these years that he encountered the canvases and personalities of Pre Raphaelite painters including Burne Jones and Whistler as well as works of aesthetic writers who were effecting a revolution in British literary culture and channeling influences from France that would gradually coalesce

into an international decadent movement In Reframing Decadence Peter Jeffreys returns us to this critical period of Cavafy's life showing the poet's creative indebtedness to British and French avant garde aesthetes whose collective impact on his poetry proved to be profound In the process Jeffreys offers a critical reappraisal of Cavafy's relation to Victorian aestheticism and French literary decadence Foremost among the tropes of decadence that captivated Cavafy were the decline of imperial Rome the rise of Christianity and the lingering twilight of Byzantium The influence of Walter Pater on Cavafy's view of classical and late antique history was immense inflected as it was with an unapologetic homoerotic aesthetic that Cavafy would adopt as his own making Pater's imaginary portraits an important touchstone for his own historicizing poetry Cavafy would move beyond Pater to explore a more openly homoerotic sensuality but he never quite abandoned this rich Victorian legacy one that contributed greatly to his emergence as a global poet Jeffreys concludes by considering Cavafy's current popularity as a gay poet and his curious relation to kitsch as manifest in his ongoing popularity via translation and visual media

The Poetry of Raymond Carver Sandra Lee Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine
