William Armstrong 1822-1914:

William Armstrong, 1822-1914 William Armstrong, Janet E. Clark, Thorold John Tronrud, Thunder Bay Art Gallery, Glenbow Museum, Thunder Bay Historical Museum Society, 1996-01-01 **North of Superior** Michael S Beaulieu, Chris Southcott, 2010-10-18 Northwestern Ontario is a little known region that has been central to Canada's prosperity For many Canadians the majestic landscape north of Lake Superior conjures up images of tourism bears and canoes For others it conjures up the phrase hewers of wood and drawers of water For almost everyone but its inhabitants it represents a mythical notion of Canada that never truly existed in the past and certainly does not exist today In North of Superior Michel Beaulieu and Chris Southcott explore the region's colourful history from the period before European contact through to the present Along the way they tell the stories of the native peoples who first lived there the traders and adventurers who shaped the region through the Hudson's Bay Company and the North West Company the politicians and workers who pushed through the CPR the lumberjacks and miners who profited during the region's golden age and the vibrant and diverse communities who make their home there today Northwestern Ontario has always symbolized wealth and adventure for Canadians This fascinating popular history will interest anyone who wants to know more about a region that occupies an iconic place in Canada's past **Rebels on the Great Lakes** John Bell, 2011-09-14 In 1863-1864 Confederate naval operations were launched from Canada against America with an unexpected impact on North America's future Since the terrorist attacks of 9/11 a myth has persisted that the hijackers entered the United States from Canada This is completely untrue Nevertheless there was a time during the U.S. Civil War when attacks on America were launched from Canada but the aggressors were mostly fellow Americans engaged in a secessionist struggle Among the attacks were three daring naval commando expeditions against a prisoner of war camp on Johnsons Island in Lake Erie These Confederate operations on the Great Lakes remain largely unknown However some of the people involved did make more indelible marks in history including a future Canadian prime minister a renowned Victorian war correspondent a beloved Catholic poet a notorious presidential assassin and a son of the abolitionist John Brown The improbable events linking these figures constitute a story worth telling and remembering *Rebels on the Great Lakes* offers the first full account of the Confederate naval operations launched from Canada in 1863-64 describing forgotten military actions that ultimately had an unexpected impact on North America's future **Superior Rendezvous-Place** Jean Morrison, 2007-06-30 This lively book encompasses the French predecessors of Fort William Native Peoples of the time and the evolution of the fur trade *A History of Photography in Canada, Volume 1* Martha Langford, 2025-11-15 From early reports of the invention to its wide application during World War I the idea of photography created anticipation and participation in the modern world The first volume of *A History of Photography in Canada* captures this phenomenon by looking at hundreds of photographs generated in and about Canada in the making and by listening to the chords they struck in the collective imagination Emphasizing technological readiness and cultural

eagerness for the medium Martha Langford shows how photography served ideals of progress and improvement as Canada's settler society looked to master the world by seizing its visible traces The imposition of these programs on Indigenous Peoples and indentured labourers is confronted throughout this volume which offers both narratives and counternarratives of subjectification Reproducing images of people places events and objects from the unceded territories of the First Nations Inuit and Métis from British North America and from the Dominion of Canada and the Dominion of Newfoundland Langford asks where and when photographs were taken why and by whom How did the making and preservation of a photograph alter the circumstances in which it was produced and how did this affect individual and collective consciousness Alongside accomplished portraits landscapes still lifes and their vernacular counterparts the book draws glimmers of photographic experience from treatises and doggerel official reports and personal diaries newspapers magazines letters and travelogues Anticipation to Participation chronicles eight decades of reinvention and repurposing from a wondrous discovery to the wide adoption of a basic tool for knowledge gathering artmaking and journaling Langford's sweeping narrative rewrites the history of photography from the bottom up vividly expanding the definition of photographic experience

CULTURAL GEOGRAPHY IN PRACTICE Miles Ogborn, Alison Blunt, Piers Gruffudd, David Pinder, 2014-04-23 Cultural Geography in Practice provides an innovative and accessible approach to the sources theories and methods of cultural geography Written by an international team of prominent cultural geographers all of whom are experienced researchers this book is a fully illustrated guide to methodological approaches in cultural geography In order to demonstrate the practice of cultural geography each chapter combines the following features Practical instruction in using one of the main methods of cultural geography e.g. interviewing interpreting texts and visual images participatory methods An overview of a key area of concern in cultural geography e.g. the body national identity empire marginality A nuts and bolts description of the actual application of the theories and methods within a piece of research With the addition of boxed definitions of key concepts and descriptions of research projects by students who devised and undertook them Cultural Geography in Practice is an essential manual of research practice for both undergraduate and graduate geography students [Embedded](#) Ted Glenn, 2020-11-07

A first hand chronicle of Wolseley's expedition to end Riel's Red River Rebellion by a remarkable trio embedded on the mission In the spring of 1870 two reporters set off from Toronto to cover one of the biggest stories in Canadian history Colonel Garnet Wolseley's 1870 expedition to Red River Over the course of six months the Daily Telegraph's Robert Cunningham and the Globe's Molyneux St John brought readers along as they paddled and portaged alongside the expedition's 1,100 troops and 400 voyageurs and guides from the shores of Lake Superior to Fort Garry But that's not the whole story Buried well below the fold was the fact that St John's wife international burlesque star Kate Ranoe accompanied him and the expedition and not just as an adventurer Owing to an accident early on Ranoe ended up ghostwriting many of St John's stories Embedded is the remarkable story of two reporters and one extraordinary woman as they journeyed to Red River with
