## **William Blake Illustrator Volume 1:**

William Blake's Illustrations for Dante's Divine Comedy Eric Pyle, 2016-04-29 William Blake's series of illustrations for Dante's Divine Comedy was his last major project and a summation of his religious and artistic beliefs. Blake intended to engrave this series but it was unfinished at his death. The series includes seven partially complete engravings and 102 works in various stages of completion, some of the most beautiful pictures of his career. These pictures are not simple illustrations but constitute a thorough reinterpretation and in Blake's view, a correction of Dante's poem. This book compares the two men's theological and artistic views and analyzes in detail the meaning of Blake's illustrations for the first time, introducing their theological and aesthetic exuberance to a modern audience.

**William Blake** Martin Myrone, 2019-10-29 William Blake is a universal artist, an inspiration to visual artists, musicians, poets, and performers worldwide, as well as everyone who aspires to the ideals of personal spiritual and creative liberty. His heroic story has inspired an invigorated generation. His personal struggles during a period of political terror and oppression, his technical innovations, and his political commitment all remain deeply relevant today. This book presents a comprehensive overview of Blake's work as a printmaker, poet, and painter, foregrounding his relationship with the art world of his time and telling the stories behind many of his most iconic images.
