

# SHADOW PRESIDENT

# The Shadow President

**Burton Hersh**

## **The Shadow President:**

**The Shadow President** Burton Hersh, 1997 Burton Hersh contrasts the public image of Ted Kennedy with the central role he has played in American politics since the 1960s and demonstrates that the last of the Kennedys is perhaps the true Kennedy a more stalwart defender of traditional liberal values than either of his admired brothers

**The Managerial Presidency** James P. Pfiffner, 1999 As the scope and size of the U S government has expanded the importance of good management to the success of a presidency has also increased Although good management cannot guarantee political or policy success poor management can certainly undermine good policy and political efforts In this second edition of The Managerial Presidency James P Pfiffner brings together both classic analyses and more recent treatments of managerial issues that affect the presidency Some of the foremost presidency scholars have contributed to this volume including Richard Neustadt Charles O Jones Hugh Heclo George Edwards and Louis Fisher This second edition includes more recent scholarship by Roger Porter Steven Kelman Peri Arnold and Ronald Moe The focus of this collection is the extent to which presidents can exercise control over the executive branch bureaucracies and whether it is wise for them to exert that control Part one deals with the question of how to organize the White House staff If this organizational problem is not resolved solving the broader problems of organization and policy will be that much more difficult Part two addresses the question of how much control presidents should exert over the departments and agencies of the executive branch and how the White House staff and other political appointees relate to career civil servants The final section examines presidential managerial reform efforts and the congressional role in managing the government Although the contributors to this collection do not all agree on how the presidency should be managed there is surprising consensus on which questions ought to be asked The analyses addressing those questions will be of interest to students and scholars of the modern presidency as well as those interested in executive leadership and public administration

**The Kennedy Legacy** Vincent Bzdek, 2009-04-27 Bzdek examines John Robert and Ted Kennedy s legacy on the American political landscape

**The Shadow President** Michael D'Antonio, Peter Eisner, 2018-08-28 It presents an entirely damning portrait of Pence You ve seen his colors before but not so vividly and in this detail Frank Bruni The New York Times Producing a biography of a living controversial politician is always difficult D Antonio and Eisner have succeeded in this well documented damning book Cue the outrage from Sean Hannity et al Kirkus Reviews starred review In this well rounded deeply investigated biography the first full look at the vice president two award winning journalists unmask the real Mike Pence Little known outside his home state until Donald Trump made him his running mate Mike Pence who proclaims himself a Christian first a conservative second and a Republican third has long worn a carefully constructed mask of Midwestern nice Behind his self proclaimed humility and self abasing deference however hides a man whose own presidential ambitions have blazed since high school Pence s drive for power perhaps inspired by his belief that God might have big plans for him explains why he shocked his allies by lending Christian credibility

to a scandal plagued candidate like Trump In this landmark biography Pulitzer Prize winner Michael D Antonio and Emmy nominated journalist Peter Eisner follow the path Pence followed from Catholic Democrat to conservative evangelical Republican They reveal how he used his time as rightwing radio star to build connections with powerful donors how he was a lackluster lawmaker in Congress but a prodigious fundraiser from the GOP s billionaire benefactors and how once he locked in his views on the issues anti gay pro gun anti abortion pro big business he became laser focused on his own pursuit of power As *THE SHADOW PRESIDENT* reveals Mike Pence is the most important and powerful Christian Right politician America has ever seen Driven as much by theology as personal ambition Pence is now positioned to seize the big prize the presidency and use it to fashion a nation more pleasing to his god and corporate sponsors **Focus On: 100 Most Popular American Autobiographers** Wikipedia contributors, **Focus On: 100 Most Popular 20Th-century American Politicians** Wikipedia contributors, **Guide to the White House Staff** Shirley Anne Warshaw,2013-03-27 Guide to the White House Staff is an insightful new work examining the evolution and current role of the White House staff It provides a study of executive legislative relations organizational behavior policy making and White House cabinet relations The work also makes an important contribution to the study of public administration for researchers seeking to understand the inner workings of the White House In eight thematically arranged chapters Guide to the White House Staff Reviews the early members of the White House staff and details the need statutory authorization and funding for staff expansion Addresses the creation of the Executive Office of the President EOP and a formal White House staff in 1939 Explores the statutes executive orders and succession of reorganization plans that shaped and refined the EOP Traces the evolution of White House staff from FDR to Obama and the specialization of staff across policy and political units Explores how presidential transitions have operated since Eisenhower created the position of chief of staff Explains the expansion of presidential in house policymaking structures beginning with national security and continuing with economic and domestic policy Covers the exodus of staff and the roles remaining staff played during the second terms of presidents Examines the post White House careers of staff Guide to the White House Staff also provides easily accessible biographies of key White House staff members who served the presidencies of Richard M Nixon through George W Bush This valuable new reference will find a home in collections supporting research on the American presidency public policy and public administration *Record of the Batasan* Philippines. Batasang Pambansa,1981 **Wilshire's Magazine** ,1902 **The Presidencies of Grover Cleveland** Richard E. Welch,1988 Grover Cleveland who served as both the twenty second and the twenty fourth president of the United States dominated the American political scene from 1884 to 1896 Viewed at one time as a monument of presidential courage Cleveland has over the past generation been dismissed by historians as a Bourbon Democrat the symbol of that wing of the Democratic party devoted to preserving the status quo and protecting the interests of the propertied In this revisionist study Richard Welch takes a fresh look at the Cleveland administrations and discovers a man whose assertive temperament was

frequently at odds with his inherited political faith Although pledging public allegiance to a Whiggish version of the presidency Cleveland s aggressive insistence on presidential independence led him to exercise increasing control of the executive branch and then to seek influence over Congress and national legislation Quick to denounce governmental paternalism and the centralization of political power Cleveland nevertheless expanded the authority of the national government as he revised federal land and Indian policies in the West and ordered the army to Chicago during the 1894 Pullman strike For all his fears of constitutional innovation he was neither a champion of big business nor unaware of the problems posed by the post Civil War economic revolution He signed the Interstate commerce Act warned against the growing power of industrial combination advocated voluntary federal arbitration of labor management disputes and fought the monopolization of western lands by railroad and timber corporations Welch places Cleveland s battles on behalf of tariff revision civil service reform and the gold standard within the context of the conundrum of a strong president who usually failed to gain the cooperation of Congress or the Democratic party Cleveland reinvigorated the American presidency and reestablished an equilibrium between the executive and legislative branches of the federal government but by his obdurate enmity to the silverites and the agrarian radicals he helped assure the division and defeat of his party in the election of 1896 Welch demonstrates that Cleveland s achievements and failures as a political leader were attributable to an authoritarian temperament that saw compromise as surrender Two chapters of the book are devoted to Cleveland s diplomacy focusing especially on his response to Hawaiian and Cuban revolutions and the boundary dispute between Venezuela and Great Britain Welch takes issue with the currently popular thesis that U S diplomacy in the last decade of the nineteenth century displayed a concerted governmental effort to solve domestic economic problems by expanding foreign markets in East Asia and Latin America In addition to providing insights into the character of one of our more interesting presidents this reassessment of Grover Cleveland s historical legacy shows clearly that the Cleveland years served as the essential preface to the development of a modern presidency and to the identification for executive power

**The Strategic Presidency** James P. Pfiffner,1996 The best book on the importance of presidential transitions to the long term successes of administrations Contemporary scholars and practitioners will be especially interested in Pfiffner s treatment of the problems that surrounded the Clinton administration s troubled start Mark J Rozell author of *Executive Privilege* Mr. and Mrs. President Gil Troy,2000 With a new chapter devoted to Hillary and Bill Clinton s tainted partnership in office and to the present First Lady s senatorial ambitions this second edition offers fresh insights into America s paradoxical expectations for its presidential wives and husband Deeply engrossing Publishers Weekly 33 photos *Reagan's Victory* Andrew Busch,2005 Many have pointed to the Iran hostage crisis others to galloping inflation In reality as Andrew Busch makes clear Ronald Reagan s defeat of President Jimmy Carter in 1980 was attributable to more than any one issue no matter how galvanizing It marked the growing ascendancy of conservative attitudes that had been brewing for two decades and marked the clear end of the era of

New Deal liberalism Busch offers the first comprehensive study of this contest going beyond journalistic accounts to show why it remains one of the truly landmark elections of the past century Through a compelling story full of colorful characters unexpected plot twists and dramatic finales he reveals how it both reflected the politics of its time and foreshadowed our nation's political future Beginning with Carter's crisis of confidence speech on July 15 1979 Busch introduces the field of candidates follows their campaigns through the primaries and general election identifies the key turning points and winning strategies and assesses the results including the GOP's first Senate majority in twenty six years He shows how the Democrats were weakened by the demise of the New Deal coalition and a decline in public confidence while Republicans were bolstered by the growth of the conservative movement and by all that had gone wrong during the Carter presidency He also examines the creation of a Sunbelt coalition the growing influence of religious conservatives and the independent candidacy of John Anderson which held Reagan's majority to 51 percent and foreshadowed Ross Perot's 1992 run Reagan's victory marked a major turning point in American presidential history realigned the demographics of party affiliation throughout the nation especially in the nation's Sunbelt and gave conservatives their first real victory in their fight against Big Government Busch's book recaptures the people and events of that historic campaign and greatly enlarges our understanding of American politics from the 1960s to the present

**The Constitution of the German Republic** Heinrich Oppenheimer, 1923

**The Presidency of Gerald R. Ford** John Robert Greene, 1995 In addition Greene details Ford's rise to prominence within the Republican party chronicles the president's problematic relations with his staff the new Democratic Congress and Ronald Reagan sheds new light on the selection and performance of Vice President Nelson Rockefeller offers new insights into the election of 1976 and provides the first in depth look at Ford's clemency program for Vietnam era draft evaders

The Presidency of Benjamin Harrison Homer Edward Socolofsky, Allan B. Spetter, 1987 Benjamin Harrison was an early proponent of American expansion in the Pacific a key figure in such landmark legislation as the Sherman Anti Trust Act and the McKinley Tariff and one of the Gilded Age's most eloquent speakers Yet he remains one of our most neglected and least understood presidents In this first interpretive study of the Harrison administration the authors illuminate our twenty third president's character and policies and rescue him from the long shadow of his charismatic secretary of state James G Blaine An Ohio native and Indiana lawyer Harrison opened the second century of the American presidency in a rapidly industrializing and expanding nation His inaugural address reflected the nation's optimism The masses of our people are better fed clothed and housed than their fathers were The facilities for popular education have been vastly enlarged and more generally diffused The virtues of courage and patriotism have given proof of their continued presence and increasing power in the hearts and over the lives of our people But the burdens and realities of his office soon imposed themselves upon Harrison The biggest blow came at midterm with the Republicans devastating losses in the 1890 congressional elections In an era of congressional dominance those losses eroded Harrison's position as a legislative advocate at least for domestic

issues His impact in foreign affairs was more lasting One of the highlights of this study is its revealing look at Harrison s visionary foreign policy especially toward the Pacific Socolofsky and Spetter convincingly demonstrate that although Harrison s ambition to acquire the Hawaiian Islands was not realized during his presidency his foreign policy was a major step toward American control of Hawaii and American expansion in the Far East

**The Fallacies of the Assessment Plan of Life Insurance ...** S. L. Fleishman,1896

**Piety & Power** Tom LoBianco,2019-09-24 MIKE PENCE THE ULTIMATE POLITICAL SHAPE SHIFTER I m a Christian a conservative and a Republican in that order Mike Pence As the impeachment of President Donald Trump remains a constant topic of discussion in political circles the questions around our current vice president also continue to swirl and in some ways the puzzlement over his true nature has never truly been clear Tom LoBianco a longtime Pence reporter cuts to the core of the nation s most enigmatic politician in this intimate yet expansive account of the vice president s journey to the White House In Piety his marriage to Karen his deeply repressed personality his presidential aspirations and plans for America s future and his deep rooted faith in his country in God and ultimately himself Piety Power provides insights and answers as it sheds light on this ambitious Midwestern politician his past and his possible future

**The Living Age** ,1926

**Presidential Lightning Rods** Richard J. Ellis,1994 Choice Outstanding Title H R Haldeman President Nixon s former chief of staff is said to have boasted Every president needs a son of a bitch and I m Nixon s I m his buffer and I m his bastard I get done what he wants done and I take the heat instead of him Richard Ellis explores the widely discussed but poorly understood phenomenon of presidential lightning rods cabinet officials who take the heat instead of their bosses Whether by intent or circumstance these officials divert criticism and blame away from their presidents The phenomenon is so common that it s assumed to be an essential item in every president s managerial toolbox But Ellis argues such assumptions can oversimplify our understanding of this tool Ellis advises against indiscriminate use of the lightning rod metaphor Such labeling can hide as much as it reveals about presidential administration and policymaking at the cabinet level The metaphor often misleads by suggesting strategic intent on the president s part while obscuring the calculations and objectives of presidential adversaries and the lightning rods themselves Ellis also illuminates the opportunities and difficulties that various presidential posts especially secretaries of state chiefs of staff and vice presidents have offered for deflecting blame from our presidents His study offers numerous detailed and instructive examples from the administrations of Truman Dean Acheson Eisenhower Richard Nixon John Foster Dulles Herbert Brownell and Ezra Taft Benson LBJ Hubert Humphrey Ford Henry Kissinger and Reagan James Watt These examples Ellis suggests should guide our understanding of the relationship between lightning rods and presidential leadership policymaking and ratings Blame avoidance he warns does have its limitations and may even backfire at times Nevertheless President Clinton and his successors may need to rely on such tools The presidency Ellis points out finds itself the object of increasingly intense partisan debate and microscopic scrutiny by a wary press Lightning rods can deflect such heat and help the president test

policies gauge public opinion and protect his political power and public image Ellis s book is an essential primer for helping us understand this process

If you are craving such a referred **The Shadow President** books that will have enough money you worth, get the unconditionally best seller from us currently from several preferred authors. If you want to droll books, lots of novels, tale, jokes, and more fictions collections are plus launched, from best seller to one of the most current released.
