The Sirens:

The Song of the Sirens Pietro Pucci, 1998 In this collection of his essays on Homer some new and some appearing for the first time in English the distinguished scholar Pietro Pucci examines the linguistic and rhetorical features of the poet's works Arguing that there can be no purely historical interpretation given that the parameters of interpretation are themselves historically determined Pucci focuses instead on two features of Homer's rhetoric repetition of expression formulae and its effects on meaning and the issue of intertextuality *Music of the Sirens* Linda Austern, Inna Naroditskaya, 2006-07-21 Whether referred to as mermaid usalka mami wata or by some other name and whether considered an imaginary being or merely a person with extraordinary abilities the siren is the remarkable creature that has inspired music and its representations from ancient Greece to present day Africa and Latin America This book co edited by a historical musicologist and an ethnomusicologist brings together leading scholars and some talented newcomers in classics music media studies literature and cultural studies to consider the siren and her multifaceted relationships to music across human time and geography The Sirens Emilia Hart, 2025-04-01 INSTANT NEW YORK TIMES BESTSELLER A GOOD MORNING AMERICA BOOK CLUB PICK 1 LibraryReads Pick Indie Next Pick A spellbinding novel about sisters separated by centuries but bound together by the sea from the author of the runaway New York Times bestseller Weyward 2019 Lucy awakens from a dream to find her hands around her ex lover's throat Horrified she flees to her older sister's house on the Australian coast hoping she can help explain the strangely vivid nightmare that preceded the attack but Jess is nowhere to be found As Lucy awaits her return the rumors surrounding Jess's strange small town start to emerge Numerous men have gone missing at sea spread over decades A tiny baby was found hidden in a cave And sailors tell of hearing women's voices on the waves Desperate for answers Lucy finds and begins to read her sister's adolescent diary 1999 Jess is a lonely sixteen year old in a rural town in the middle of the continent Diagnosed with a rare allergy to water she has always felt different until her young charming art teacher takes an interest in her drawings seeing a power and maturity in them and in her that no one else has 1800 Twin sisters Mary and Eliza have been torn from their loving father in Ireland and forced onto a convict ship bound for Australia For their entire lives they've feared the ocean as their mother tragically drowned when they were just girls Yet as the boat bears them further and further from all they know they begin to notice changes in their bodies that they can't explain and they feel the sea beginning to call to them A breathtaking tale of female resilience and the bonds of sisterhood across time and space The Sirens captures the power of dreams and the mystery and magic of the sea The Siren Leo Fall, 1911 The Siren and the Sage Steven Shankman, Stephen W. Durrant, 2000-03-01 A comparative study of what the most influential writers of Ancient Greece and China thought it meant to have knowledge and whether they distinguished knowledge from other forms of wisdom It surveys selected works of poetry history and philosophy from the period of roughly the eighth through to the second century BCE including Homer's *Odyssey* the ancient Chinese Classic of
