

# Vortex of Fear

By Gareth Roberts

Brachinnen stirred. The sedative was wearing off. He sat up on the rumpled sheets of his bed, his joints aching, looked across the room – this infernal, unchanging room of his! – at the gilt numbered clock over the mantel, and a nervous spasm rushed through his body.

The Doctor would arrive soon.

Instead she got lost in an ancient forest and bled on a tree that should have remained untouched. Now she's trapped in a deadly Fae game. Caelan Morphrost, Prince of the Winter Court, offers her a bargain: survive seven days of the Hunt in the Underhills and she'll have her heart's deepest wish granted along with her freedom. Fail and she'll belong to him forever. But Elise can't even remember what she wished for at the cursed tree. And the Prince is no mere hunter; he's a sadist who finds mortal terror more intoxicating than any pleasure. The Underhills crawl with predators starving for human flesh, and surviving here is next to impossible. Next to impossible because sometimes the darkest games end in the most unexpected ways. And a wish earned through pain and suffering might be exactly what they both needed all along.

The concept of mind over matter, time over space, allows the player to escape the event level. At the composition level of the game, there is a quantum scale of recognition that exists only in time. The Equation shows the player how to access this time dimension and generate the responses of physical space. The exploration of the physical, intellectual, and emotional players will change your game faster and improve it further than you thought possible. This is the ultimate tennis book: a lifetime of tennis lessons. The Tennis King Equation is 172 pages; it is a full-color book loaded with over 90 illustrations, and it costs less than a half-hour lesson with your neighbor tennis pro. If you believe tennis is a mental game and the physical play is a reflection of the state of mind, then this book was written just for you.
