Smoke and Shadows Tanya Huff, 2024-04-02 Tanya Huff bestselling author of the Blood Price books starts a new series where a street kid turned production assistant must juggle his vampire ex a crush on a hot straight actor and the potential end of the world Working on a direct to syndication show about a vampire detective doesn't much compare to Tony Foster's past as an actual vampire's lover True he's still wrangling beautiful people with big egos and the power to crush him but there are far fewer demons and TV blood is just corn syrup When shadows on set start moving independent of the people they're supposed to be attached to though Tony can't dismiss it as a trick of the light Especially when he finds the beauty of the week dead in a locked dressing room Before long he's discovered the head of the special effects department is an actual wizard and brought in his ex the vampire Henry Fitzroy to help defend against an attack so terrifying survival seems unlikely Tony will have to assist his butt off to give them anything like a chance But being thrust into a spotlight doesn't make him a hero

The Lost Tales of Power Vincent Trigili,2014-05-17 The Lost Tales of Power is a collection of novels that describe an immense persistent multiverse The books are a mixture of standalone and miniseries all set in the same universe with overlapping and intertwining story lines Included in this collection is the full text of *Enemy of an Enemy* *The Academy* and *Rise of Shadows* In addition to the three complete novels included is a brief introduction to each book

Enemy of an Enemy Everything seemed to be going Vydor s way until the Dragon Claw was sent on a rather unusual assignment to investigate a minor incident deep within the Empire s space That would send Vydor down a path filled with fantastically powerful enemies and extraordinary friends that would obliterate everything he ever understood to be true and threaten the very foundations of the Empire itself

The Academy The Empire had fallen and the Imperial Navy was disbanded leaving James with nothing but his nightmares to remind him of the role he once played in The Great War James must now face his new life in a new era where science and technology must share the stage with sorcery and wizardry and a new ever present shadow of evil lurks over the remnants of the once great Empire
