Solving the Puzzle Valerie S. Thaler, 2025-04-25 This compact friendly and realistic guide provides hands on help for students new to the discipline of history Written by an experienced instructor of first year students Solving the Puzzle encourages students to do the work of engaging with historical sources in a responsible way and helps them to build critical thinking and writing skills that will transfer to other courses and contexts With short readable chapters covering each stage of the writing process concrete examples practical exercises and an encouraging tone this book will help students move past anxiety avoid the temptation to cut corners and solve the puzzles of historical research and writing

Summer of Love Christoph Grunenberg, Jonathan Harris, Jonathan P. Harris, 2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life The Summer of Love brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can't remember it

The Sixties Lesley Jackson, 1998 Lesley Jackson traces the transition from the contemporary design of the 1950s to the pure geometry of the look and the styles that proliferated throughout the momentous events of the 1960s
