Start Small FINISH BIG Fred De Luca, John P. Hayes, 2012-11-20 At age seventeen Fred DeLuca borrowed 1 000 from a friend and started SUBWAY R Today with more than 38 000 stores in one hundred countries and annual sales exceeding 16.6 billion Fred DeLuca s SUBWAY is a success story with a message START SMALL FINISH BIG Publishers Weekly Review DeLuca was only 17 when he started what is now the Subway restaurant chain in 1965 he needed money to attend college and a friend offered to back him with 1 000 to start a sandwich shop in Bridgeport Conn That beginning led DeLuca to an enormously successful career in addition to being president of the chain he runs MILE a nonprofit organization that offers loans to entrepreneurs According to DeLuca there are 15 essential principles for anyone starting a small business some of which DeLuca confesses he learned the hard way he had never made a submarine sandwich before opening day of his first shop Among these pillars Believe in Your People Never Run Out of Money Keep the Faith and

Profit or Perish DeLuca uses his own business experience as well as that of other successful entrepreneurs like the founders of Kinkos and Little Caesars. In addition to those of less well known business people. Written in a conversational style the advice isn't especially original or creative. However, would be millionaires who are sitting at their kitchen table wondering if they should take that big step and start a business will find the book both instructive and inspirational. Agent Bob Diforio Library Journal DeLuca co-founder in 1965 of SUBWAY Restaurants and founder in 1996 of the Micro Investment Lending Enterprise MILE a nonprofit organization making microloans to entrepreneurs. microentrepreneurs has written this humorous down to earth guide to success as a small business owner. Coauthor Hayes is a writer Computer Architecture and Organization 1998 public speaker and business trainer. Each chapter describes one of DeLuca's 15 key lessons and is illustrated with a real life case study. None of the people in these cases is a household name but businesses such as Kinkos Little Caesars and SUBWAY are. DeLuca doesn't claim that his guides form a master plan for success but he optimistically believes that anyone can become Bill Gates Lillian Vernon or Henry Lay and that his lessons will increase the chances. His book also promotes and supports MILE and the last chapter and appendix are devoted to information about it and its programs. Recommended for most small business collections.
