**Films that Work** Vinzenz Hediger, Patrick Vonderau, 2009 Industriële films worden gezien als een apart filmgenre van de twintigste eeuw Ze werden geproduceerd en gesponsord door de overheid en grote bedrijven en moesten vooral aan de wensen van de sponsors voldoen en niet zo zeer aan die van de filmmakers In de hoogtijdagen werkten er duizenden mensen aan deze industriële films Zo zijn er vakbladen en filmfestivals ontstaan door samenwerking met grote bedrijven als Shell en AT T Daarnaast hebben belangrijke regisseurs zoals Buster Keaton John Grierson en Alain Resnais aan deze films meegewerkt Toch lijkt de industriële film geen spoor te hebben achtergelaten in het filmische culturele discours Films that Work is het eerste boek waarin de industriële film en zijn opmerkelijke geschiedenis worden onderzocht

**Thrill Ride** John R. Haddad, 2025-10-28 More than an amusement park linked to a chocolate empire Hershey Park in its early years was an extension of industrialist Milton Hershey's paternalistic capitalism Hershey sought to avoid the labor strife seen in other industries by giving his workers a better deal He provided employees with affordable homes free schools utility subsidies and municipal services as well as amenities including a theater library and amusement park In exchange he expected hard work loyalty and no strikes Eventually the Hershey Company faced intense market pressure from its competitor Mars and discontinued the services and amenities the community had come to expect By the 1960s the park had become so run down that Hershey officials decided it needed a redesign and they refashioned it into a Disney style theme park What had been an old fashioned pay as you go amusement park for chocolate workers their families and the community would become a major mid Atlantic attraction Haddad's engaging and accessible social history explores how this remodel of the park strategically used symbols of the past and future to help the Hershey community cope with change The new park guided patrons from depictions of the Old World through subsequent eras culminating in a space exemplifying modernity with colossal steel structures and sophisticated thrill rides Drawing on deep archival work and personal interviews Haddad charts how memory and feelings are tied to locations and how people respond when change threatens those locations
