The Unconsoled:

The Unconsoled Kazuo Ishiguro, 2009-01-08 Kazuo Ishiguro's new novel *Klara and the Sun* is now available. Ryder, a renowned pianist, arrives in a Central European city he cannot identify for a concert he cannot remember agreeing to give. On first publication in 1995, *The Unconsoled* was met in some quarters with bewilderment and vilification, in others with the highest praise. One commentator asked: Has Ishiguro gone for greatness or has he gone mad? Over the years, this uniquely strange and extraordinary novel about a man whose life has accelerated beyond his control has come to be seen by many as being the key work and a turning point in his career. A masterpiece. It is, above all, a book devoted to the human heart. Rachel Cusk, *The Times*. The most original and remarkable book he has so far produced. *New York Times Book Review*. One of the strangest books in memory. TLS. I've never read a book like it. I think it is a masterpiece. John Carey, *The Late Show*. *The Cambridge Companion to Kazuo Ishiguro* Andrew Bennett, 2023-03-23 *The Cambridge Companion to Kazuo Ishiguro* offers an accessible introduction to key aspects of the novelist's remarkable body of work. The volume addresses Ishiguro's engagement with fundamental questions of humanity and personal responsibility with aesthetic value and political valency with the vicissitudes of memory and historical documentation and with questions of family, home and homelessness. Focused through the personal experiences of some of the most memorable characters in contemporary fiction, Ishiguro's writing speaks to the major communitarian questions of our time: questions of nationalism and colonialism, race and ethnicity, migration, war and cultural memory, and social justice. The chapters attend to Ishiguro's highly readable novels while also ranging across his other creative output. Gathering together established and emerging scholars from the UK, Europe, the USA and East Asia, the volume offers a survey of key works and themes while also moving critical discussion forward in new and challenging ways. [The 'Second World' in Contemporary British Writing](#) Katrin Berndt, Andrew Wells, 2024-08-12 The thirteen contributions to this collection all explore or exemplify the ongoing British interest in the socialist world before 1990. In autobiography, fiction, film history and lexicography, these chapters show how contemporary Britain is engaging with the past project to build socialism in Europe and what this means for the present and the future of our continent. Contributions come from a wide range of disciplinary and geographical backgrounds and the volume is further enriched by a short story especially written for this book and by an in-depth interview with the author of a recent popular history of the GDR. Together, these chapters offer a unique perspective into contemporary British writing on the second world and the enduring fascination with the failures of the future's past. [Contemporary Fiction, Celebrity Culture, and the Market for Modernism](#) Carey Mickalites, 2022-01-13 Arguing that contemporary celebrity authors like Zadie Smith, Ian McEwan, Martin Amis, Kazuo Ishiguro, Salman Rushdie, Eimear McBride and Anna Burns position their work and public personae within a received modernist canon to claim and monetize its cultural capital in the lucrative market for literary fiction, this book also shows how the corporate conditions of marketing and branding have redefined older models of literary influence and innovation. It

contributes to a growing body of criticism focused on contemporary literature as a field in which the formal and stylistic experimentation that came to define a canon of early 20th century modernism has been renewed contested and revised Other critics have celebrated these renewals variously arguing that contemporary literature picks up on modernism s unfinished aesthetic revolutions in ways that have expanded the imaginative possibilities for fiction and revived questions of literary autonomy in the wake of postmodern nihilism While this is a compelling thesis and one that rightly questions an artificial and problematic periodization that still lingers in academic criticism those approaches generally fail to address the material conditions that structure literary production and the generation of cultural capital whether in the historical development of modernism or its contemporary permutations This book addresses this absence by proposing a materialist history of modernism s afterlives

Narrative Unreliability in the Twentieth-Century First-Person Novel Elke D'hoker, Gunther Martens, 2008-12-10 This volume deals with the occurrence and development of unreliable first person narration in twentieth century Western literature The different articles in this collection approach this topic both from the angle of literary theory and through a detailed reading of literary texts By addressing questions concerning the functions characteristics and types of unreliability this collection contributes to the current theoretical debate about unreliable narration At the same time the collection highlights the different uses to which unreliability has been put in different contexts poetical traditions and literary movements It does so by tracing the unreliable first person narrator in a variety of texts from Dutch German American British French Italian Polish Danish and Argentinean literature In this way this volume significantly extends the traditional canon of narrative unreliability This collection combines essays from some of the foremost theoreticians of unreliability James Phelan Ansgar Nning with essays from experts in different national traditions The result is a collection that approaches the case of narrative unreliability from a new and more varied perspective
