Using Human Learning Strategies In The Classroom:

Using Human Learning Strategies in the Classroom George R. Taylor, 2002 This book provides a realistic approach to applying human learning in the classroom It s designed for the teacher who is aware of many different theories of learning and who might like to learn methods of transposing these theories to the classroom No knowledge of any kind of psychological pedagogy is required Professor Taylor s experience culled through over 30 years in the field combined with his flair for easily explaining complex matters makes an invaluable reading experience for today s teacher

Improving Human Learning in the Classroom George R. Taylor, Loretta MacKenney, 2008-10-03 Improving Human Learning in the Classroom provides a functional and realistic approach to facilitate learning through a demonstration of commonalities between the various theories of learning Designed to assist educators in eliciting students prior knowledge providing feedback transfer of knowledge and promoting self assessment Taylor and MacKenney provide proven strategies for infusing various learning theories into a curriculum guiding educators to find their own strategies for promoting learning in the classroom Both quantitative and qualitative research methods investigate learning theories and reforms in education Quantitative data sources build the theoretical framework for educating the student as well as developing strategies for closing the achievement gap Taylor and MacKenney fuse personal experiences with solid strategies for human learning
