An ideal resource for cultural heritage professionals who teach with original materials, this book provides fresh, adaptable, and easy-to-implement primary source literacy exercises to improve their teaching and engage their students. Special collections librarians and archivists in academic settings are often confronted with the challenge of teaching classes outside their personal area of expertise with very little notice or guidance, as the authors of this book can attest. *Using Primary Sources: Hands On Instructional Exercises* features 30 adaptable hands-on exercises that special collections librarians, archivists, museum professionals, and teaching faculty can use in a multitude of instructional situations with K-12 undergraduate, graduate, and library school students. The exercises teach lessons in both archival intelligence, such as building skills in using finding aids and locating primary sources, and artifactual literacy, such as building skills in interpretation and analysis of primary sources. Each exercise includes sections for audience, subject area, and materials used, so that instructors can find customizable, easy-to-follow recipes to use regardless of personal experience and expertise. In addition, this consultable reference resource includes a bibliography of readings related to instruction in special collections, archives, and museum environments.

Integrating Primary and Secondary Sources Into Teaching Scott M. Waring, 2021

SOURCES is an acronym for an approach that educators can use with students in all grades and content areas. Scrutinize the fundamental source. Organize thoughts. Understand the context.
