**The Wounded Alphabet** George Hitchcock, 2014 Poetry George Hitchcock was a surrealist with a vast playfully serious spirit in the universe of poetry His is an art of carnivals parades and big brass instruments with top hatted showmanship lit up on the page His wild vaudevillian style is saturated with a pure joy for words but always with a reverence for meaning THE WOUNDED ALPHABET collects over five decades of writing and contains twelve early collages that illustrate his ongoing painterly obsession with the juxtaposition of images *The Wounded Alphabet* George Hitchcock, 1984 **A Finger in the Wound** Diane M. Nelson, 1999-04-01 Many Guatemalans speak of Mayan indigenous organizing as a finger in the wound Diane Nelson explores the implications of this painfully graphic metaphor in her far reaching study of the civil war and its aftermath Why use a body metaphor What body is wounded and how does it react to apparent further torture If this is the condition of the body politic how do human bodies relate to it those literally wounded in thirty five years of war and those locked in the equivocal embrace of sexual conquest domestic labor mestizaje and social change movements Supported by three and a half years of fieldwork since 1985 Nelson addresses these questions along with the jokes ambivalences and structures of desire that surround them in both concrete and theoretical terms She explores the relations among Mayan cultural rights activists ladino nonindigenous Guatemalans the state as a site of struggle and transnational forces including Nobel Peace Prizes UN Conventions neo liberal economics global TV and gringo anthropologists Along with indigenous claims and their effect on current attempts at reconstituting civilian authority after decades of military rule Nelson investigates the notion of Quincentennial Guatemala which has given focus to the overarching question of Mayan and Guatemalan identity Her work draws from political economy cultural studies and psychoanalysis and has special relevance to ongoing discussions of power hegemony and the production of subject positions as well as gender issues and histories of violence as they relate to postcolonial nation state formation **A Revolution in Rhyme** Fatemeh Shams, 2021 A Revolution in Rhyme Poetic Co option under the Islamic Republic tells the story of the lives and works of Iranian poets whose personal and literary career were shaped by the Iranian revolution in 1979 By drawing on similar examples such as Soviet Russia the book tries to tackle some key questions how did these poets come to be known in the literary scene What did they write about and what were their ideas styles and literary techniques And last but not least what kind of relationship have they established with the ruling power on the course of the past four decades In a detailed study Shams tackles the life and work of ten Iranian poets whose personal and literary lives transformed and were transformed by the 1979 Revolution and the rise of the Islamic Republic shedding light on ways in which the current ruling state in Iran uses literature and particularly poetry as a tool for ideological dissemination Alphabets Sublime George Myers, 1986 **Contemporary Poets** James Vinson, D.
