Gardening made easy Wings of Success, Discover how you can groom the best rose garden in town and make it like a landmark in your locality **My Backyard** Douglas Waitley, 1970 What Went Wrong in Afghanistan? Metin Gurcan, 2016-08-19 Since 20 December 2001 the date which marked the authorization of the International Security Assistance Force ISAF to assist the Afghan Government hundreds of thousands of coalition soldiers from around 50 different states have physically been and served in Afghanistan Roughly 20 rotation periods have been experienced billions of US dollars have been spent and almost 3 500 coalition soldiers and 7 400 Afghani security personnel have fallen for Afghanistan In this badly managed success story the true determiner of both tactical outcomes on the ground and strategic results was always the tribal and rural parts of Muslim populated Afghanistan Although there has emerged a vast literature on counterinsurgency theories and tactics we still lack reliable information about the motivations and aspirations of the residents of Tribalised Rural Muslim Environments TRMEs that make up most of Afghanistan The aim of this book is to describe some on the ground problems of counterinsurgency COIN efforts in TRMEs specifically in rural Afghanistan and then to propose how these efforts might be improved Along the way it will be necessary to challenge many current assumptions about the conduct of counterinsurgency in Afghanistan Most generally the book will show how counterinsurgency succeeds or fails at the local level at the level of tactical decisions by small unit leaders and that these decisions cannot be successful without understanding the culture and perspective of those who live in TRMEs Although engaging issues of culture the author is not an anthropologist or an academic of any kind He is a Muslim who spent his childhood in a TRME a remote village in Turkey and he offers his observations on the basis of 15 years worth of field experience as a Turkish Special Forces officer serving in rural Iraq Turkey Kazakhstan Kyrgyzstan and Afghanistan Cultures in these areas are not the same but there are sufficient similarities to suggest some overall characteristics of TRMEs and some general problems of COIN efforts in these environments In summary this book not only challenges some of the fundamentals of traditional counterinsurgency wisdom and emphasizes the importance of the tactical level a rarely studied field from the COIN perspective but also blends the firsthand field experiences of the author with deep analyses In this sense it is not solely an autobiography but something much more 30 Essential Skills for the Qualitative Researcher John W. Creswell, 2015-07-29 30 Essential Skills for the Qualitative Researcher fills a gap in introductory literature on qualitative

inquiry by providing practical how to information for beginning researchers in the social behavioral and health sciences  
Author John W Creswell draws on years of teaching writing and conducting his own projects to offer effective techniques and procedures with many applied examples from research design qualitative inquiry and mixed methods Creswell defines what a skill is and acknowledges that while there may be more than 30 that an individual will use and perfect the skills presented in this book are crucial for a new qualitative researcher starting a qualitative project Learn more about John Creswell s qualitative and mixed methods research titles as well as his 2017 mixed methods workshops [Backyard Project](#)
