**Poems** Nikola Āonkov Vapt[s]arov, 1952 [The Oxford Guide to Literature in English Translation](#) Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e.g. poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e.g. the Thousand and One Nights or writers e.g. Ibsen Proust but the majority offer a critical overview of a genre e.g. Chinese poetry Spanish Golden Age drama or of a national literature e.g. Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators

**Humanistica Lovaniensia** Dirk Sacré, Jan Papy, Lambert Isebaert, Monique Mund-Dopchie, Gilbert Tournoy, 2009-12 As well as presenting articles on Neo Latin topics the annual journal Humanistica Lovaniensia is a major source for critical editions of Neo Latin texts with translations and commentaries Please visit [www.lup.be](http://www.lup.be) for the full table of contents The to Z of Bulgaria Raymond Detrez, 2010-05-10 Few states have fought as hard or as long to be established as that of the Republic of Bulgaria The Bulgarians have over the centuries created their own principalities kingdoms and republics only to have them crushed by stronger entities including the Byzantine and Ottoman Empires While recently the communist regime was largely dominated by and overly submissive to the Soviet Union Fortunately about 15 years ago a new republic arose which began revamping the economy reviving the political life and forging a new place in Europe The A to Z of Bulgaria contains more than 600 cross referenced entries on Bulgarian historical periods places terms organizations events and personalities The number of entries dealing with historical figures and events has been considerably enlarged and all of the entries of the first edition that have remained were carefully updated The newest insights of Bulgarian historiography as practiced in Bulgaria and abroad are also reflected In addition the book includes a brief introduction into Bulgarian history from the earliest times until mid 2005 including the formation of the current cabinet an easy reference chronology of Bulgarian history several maps and lists of Bulgarian political parties administrations and leaders A comprehensive bibliography is included to facilitate further reading on Bulgaria and Bulgarian history *Sofia Before Love* Zoë Tavares Bennett, 2026-03-20 In this ancient meets modern composition of my collected poems I have utilized various metrical and rhyming schemes everything from traditional iambic sonnets ballads and quatrains to more formidable sestina dactylic hexameters and alliterative Anglo Saxon verse to the elegant pensive haikus and sparse lines reminiscent of Sappho s fragmentary poetry interspersed with my own humble illustrations Named after the obscure figure of Sofia at once the Ancient Greek sophia or wisdom but also the name of a woman before she encounters love or philos in relation both to philosophy but also more generally to maidenhood these poems explore the ancient wisdom passed down from mother to daughter interpreted through the fresh knowledgeable and yet unmoored gaze of the modern woman Following the death and rebirth of Persephone Sofia Before Love leads the reader through four related stages as told in the Homeric Hymn to Demeter Kor or Maiden the name for Persephone before marriage Death for her descent to the Underworld after she was seized by Hades and wedded to him Wisdom gained in the act of eating pomegranate seeds whether tricked or willingly and often considered her maturation as a woman and lastly Spring the joyful return of Persephone to her mother Demeter who allows the earth to flower once more As befits our modern world these poems slip in and out of different mythological religious philosophical and invented landscapes fusing well known Classical legends with Egyptian and Near Eastern myths

in metrical styles reminiscent of pagan Germanic epics or cantering Italian sonnets or even simple anonymous folk songs one might have heard once whistled by a fair maiden picking flowers In the footsteps of poets like J R R Tolkien whose gaze pierced through that veiled age of prehistory and recalled their songs in familiar meters I have attempted to gather into one cohesive whole the poetical musings of a girl Sofia as she embarks on the ancient and yet still mysterious path of becoming a woman just like Persephone did before her and still does each year in the dark depths of Winter before the flowering of Spring
