Soft Talk:

Control Your Thoughts Coach Clint Laukhuf, Ashwin Vaithianathan, In today's world it's more important than ever to be able to control your thoughts. With so much information and stimulation coming at us from all directions it's easy to get overwhelmed and let our thoughts take control. But if we can learn to master our thoughts we can achieve anything we set our minds to. In *Control Your Thoughts* you will learn how to identify and challenge negative thoughts, develop positive thinking habits, use visualization to achieve your goals, manage stress and anxiety, improve your self-esteem. **Parenting Your Out-of-Control Teenager** Scott P. Sells, 2007-04-01 Every teenager rebels against authority at some point, talks back, breaks curfew, or disobeys. But literally millions of teens take their rebellion to a point where it disrupts their families and endangers their own futures or even their lives. If one of these teens is yours, you've probably lived through years of conflicting advice and patchwork solutions that don't last. Finally, this breakthrough guide from a master therapist will show you the seven steps to positive permanent change for you and your teenager: 1. Learn the real reasons for teen misbehavior. 2. Make an ironclad contract to stop that behavior. 3. Troubleshoot future problems. 4. End button pushing. 5. Stop the seven aces from disrespect to threats of violence. 6. Mobilize outside help. 7. Reclaim lost love within the family. Clear, compassionate, and packed with real-life solutions to real-life problems, *Parenting Your Out-of-Control Teenager* gives parents the tools they need to turn their families' lives around for good. **To Lead the World** Melvyn P. Leffler, Jeffrey W. Legro, 2008-07-21 U.S. national security policy is at a critically important crossroads. The Bush Doctrine of unilateralism, pre-emptive war, and the imposition of democracy by force has proven disastrous. The United States now finds itself vilified abroad, weakened at home, and bogged down in a seemingly endless and unwinnable war. In *To Lead the World*, Melvyn P. Leffler and Jeffrey W. Legro bring together eleven of America's most esteemed writers and thinkers to offer concrete, historically grounded suggestions for how America can regain its standing in the world and use its power more wisely than it has during the Bush years. Best-selling authors such as David Kennedy, Niall Ferguson, Robert Kagan, Francis Fukuyama, and Samantha Power address such issues as how the US can regain its respect in the world, respond to the biggest threats now facing the country, identify reasonable foreign policy goals, manage the growing debt burden, achieve greater national security, and successfully engage a host of other problems left unsolved and in many cases exacerbated by the Bush Doctrine. Representing a wide range of perspectives, the writers gathered here place the current foreign policy predicament firmly in the larger context of American and world history and draw upon realistic appraisals of both the strengths and the limits of American power. They argue persuasively that the kind of leadership that made the United States a great and greatly admired nation in the past can be revitalized to meet the challenges of the 21st century. Written by prize-winning authors and filled with level-headed, far-sighted, and achievable recommendations, *To Lead the World* will serve as a primary source of political wisdom in the post-Bush era and will add immeasurably to the policy debates surrounding the 2008 presidential election. **The Leader**, 1902
