

# *James P. Bennett on Subjunctive Reasoning, Policy Analysis And Political Argument*

---

*Walter Isard  
Blane Lewis*

Cornell University

This article was developed from materials in a paper by Dr. James P. Bennett titled “No Second Thoughts about ‘No First Use’—How Can the Policy Analyst Undertake Subjunctive Reasoning in Political Argument?”, dated March 1984. It contains a number of new, basic ideas regarding political arguments and policy analysis. The authors, judging that these ideas should be presented early, even in preliminary form, have taken upon themselves the task to develop them in a consistent, orderly fashion. We have done this despite the fact that Bennett still considers his ideas to be first, rough statements. In interpreting Bennett the authors have undoubtedly missed some of his important points, and in certain instances may have misrepresented his argument. They take full responsibility for these omissions and misrepresentations.

In what follows we shall quote extensively from the Bennett manuscript. When we do so, the reader should bear in mind that these quotations are only preliminary statements, some of which Bennett may have already modified.
