Write Soon and Often Andy Thomson,2016-12-05 Travelling through Europe in the summer of 1939 17 year old Donald Plaunt witnessed preparations for war in every country he visited After he completed high school in 1941 Donald became part of that war when he enlisted in the RCAF and became a Lancaster pilot After training for 20 months he flew in operations for five weeks before his death on his 11th mission in 1943 There are many compelling stories written by veterans about Bomber Command What makes this pilot s story unique is that it is told in his youthful voice selected from 150 letters he wrote home Peppered with his amusing sense of humour his letters convey a very personal and colourful narrative ranging from tales of his Air Force training the events of the war the people he cared about and the issues that bothered him It is a story about youth and hope as we follow his journey from a carefree and somewhat entitled rookie pilot to the generous and proud captain of a Lancaster crew It is also a story of sorrow that explores the heartbreaking impact of his death on his family when he like so many other young men did not return home The Seventh Rhode Island Infantry in the Civil War Robert Grandchamp,2014-04-10 Suffering a casualty rate of more than 80 percent by the war s end the Seventh Rhode Island participated in some of the fiercest battles of the Civil War From its muster in the fall of 1862 through the death of the Seventh s last surviving veteran in 1939 this regimental history follows the Seventh from Providence Rhode Island through the swamps of the Mississippi to the grueling Overland Campaign providing a gripping historical narrative enlivened by the words of those who were actually present Researched primarily from firsthand sources such as letters and diaries it includes period photographs portraits and sketches Message and Medium Caroline Tagg,Mel Evans,2020-06-08 Studies of digital communication technologies often focus on the apparently unique set of multimodal resources afforded to users and the development of innovative linguistic strategies for performing mediated identities and maintaining online social networks This edited volume interrogates the novelty of such practices by establishing a transhistorical approach to the study of digital communication The transhistorical approach explores language practices as lived experiences grounded in historical contexts and aims to identify those elements of human behaviour that transcend historical boundaries looking beyond specific developments in communication technologies to understand the enduring motivations and social concerns that drive human communication The volume reveals long term patterns in the indexical functions of seemingly innovative written and multimodal resources and the ideologies that underpin them and shows that methods are not necessarily contingent on their datasets historical analytic frameworks can be applied to digital data and newer approaches used to understand historical data These insights present exciting opportunities for English language researchers both historical and modern **Blood and War at my Doorstep** Brenda Chambers McKean,2011-07-08 Continuing from Volume I Volume II intersperses numerous soldiers letters with those from home The issue of slavery from both the owners and individuals is brought forth Did colored men really serve as Confederate soldiers Did free black men Union soldiers described southern women as defi
