Presentation Skills Michael Weiss,2015-08-03 The popularity of the TED talk has raised the bar for public speaking and presentations Audiences expect to be educated inspired and engaged whether they are sitting in a conference room or an auditorium Yet too often presenters lack the skills to take command and deliver persuasive and entertaining pitches and presentations The audience is the hero of the story and the presenter is their guide to take them on a journey Like a one act play a presentation is not a meeting it s a performance And it is the job of the presenter to respect the audiences wishes wants and needs With the advent of smartphone the job of the presenter to keep the audience s attention on them rather than on the tiny device in their hand has become increasingly more difficult The purpose of this book is to inspire you to take the next step in your presentation skills and practice

The Men Inside George Phillipos,2005 A brilliant collection of short stories woven out of the author s association with the seas as a marine engineer Exquisitely narrated the author is able to transport the reader into the deep seas with his characters Through the tapestry of his narration Phillipos is able to delineate the stories of ordinary human beings and their ordinary human emotions on one hand while on the other he dabbles with the realm of the unreal paranormal Anecdotal and churned out of his personal memory this collection is simply unputdownable

Within the Labyrinth Brenden Hantges,2018-06-22 Welcome to Zephyrus the isolated town in the valley by the ocean My name is Cid Let me show you around All the people here in this deranged fantasyland are unknowingly part of an elaborate game being played on them by the elites in the mega metropolis Tartarus one hundred and eleven forbidden miles away With one exception one person who is completely off limits and uninhabitable his name is Atticus and he has just arrived It all begins the morning Lindsay finds him washed up on the beach with broken pieces of raft adrift in the choppy ocean waters nearby His sudden and mysterious arrival triggers a wild series of insanely psychotic events Soon after finding Atticus Lindsay experiences a glitch in her mind when she hears a strange mans voice in her head This frightening malfunction steers her

down a long disturbing path of pain and paranoia as she curiously follows its eerie trail to the haunting truth within the labyrinth Atticus awakes to find he has no memory of anything prior to his arrival in Zephyrus other than the thing which followed him The doctors diagnosis is amnesia yet there seems to be more to the story than that they just don't know what yet Crooked Council member and psychiatrist Doctor Lyman runs a battery of tests on him while secretly implanting his microchip before releasing him into the town Reluctantly Atticus is sent to live in a halfway house full of addicts and drunks where he meets his best friend and his lover But this living arrangement is only temporary His curiosity and ambition will take him on a twisted journey of no return a kaleidoscopic odyssey with terribly grave consequences He then sets his sights on finding a way out of the strictly confined town of Zephyrus and to the neon futuristic city of Tartarus And also to becoming the very first person to successfully surmount the insurmountable Mount Erebus the schizophrenic mythological mountain whose summit is perpetually shrouded with clouds Problem is wherever he goes the monster goes too It follows him around like a black cloud infecting everything Beneath it all a war is waging a cosmic showdown between the Dark and the Light a fight for the throne which Satan currently occupies A throne usurped from His creator God in the last great conflagration But now the Devils long treacherous reign is in jeopardy as forces of the Light are rising up Atticus and Lindsay soon find themselves at the center of it all in the mind bending eye of the storm Both wish to get to the truth but quickly realize it won't be easy The terrifying conspiracy keeps getting bigger and bigger as they fall further and further down the rabbit hole each on a dangerous collision course set to crash against the most powerful forces in the universe Sooo brace yourself and be warned you may experience some turbulence This voyage is not for the faint of heart And just remember it's only a game
