Victor M. Corman

Transparent Man:

Understanding Cultural Traits Fabrizio Panebianco, Emanuele Serrelli, 2016-02-26 This volume constitutes a first step towards an ever deferred interdisciplinary dialogue on cultural traits It offers a way to enter a representative sample of the intellectual diversity that surrounds this topic and a means to stimulate innovative avenues of research It stimulates critical thinking and awareness in the disciplines that need to conceptualize and study culture cultural traits and cultural diversity Culture is often defined and studied with an emphasis on cultural features For UNESCO culture should be regarded as the set of distinctive spiritual material intellectual and emotional features of society or a social group But the very possibility of assuming the existence of cultural traits is not granted and any serious evaluation of the notion of cultural trait requires the interrogation of several disciplines from cultural anthropology to linguistics from psychology to sociology to musicology and all areas of knowledge on culture This book presents a strong multidisciplinary perspective that can help clarify the problems about cultural traits

Patronizing the Public William J. Buxton, 2009-08-16 Patronizing the Public American Philanthropy's Transformation of Culture Communication and the Humanities is the first detailed and comprehensive examination of how American philanthropic foundations have shaped numerous fields including dance drama education film film music folklore journalism local history museums radio television as well as the performing arts and the humanities in general Drawing on an impressive range of archival and secondary sources the chapters in the volume give particular attention to the period from the late 1920s to the late 1970s a crucial time for the development of philanthropic practice To this end it examines how patterns and directions of funding have been based on complex negotiations involving philanthropic family members elite networks foundation trustees and officers cultural workers academics state officials corporate interests and the general public By addressing both the contours of philanthropic power as well as the processes through which that power has been enacted it is hoped that this collection will reinforce and amplify the critical study of philanthropy's history
