Scriptural Geography Edwin James Aiken, 2009-11-30 For nineteenth century scholars the Holy Land was not just a region of the globe it was an idea an intellectual and moral space charged with the heat of debate between those trying to understand the religious social and scientific upheavals of the time Edwin Aiken explores the various ways in which geographical knowledge was used in these debates In particular he shows how religious writers called upon geographical knowledge to the benefit of their readers The result is an original and stimulating work of scholarship that demonstrates the significance of the geography of the Holy Land in Western thought and argument and makes important contributions to the history of geography the nature of Orientalism and to the evolving relationship between religion and science

Holy Leisure Troy Messenger, 2000 The beach has always been the place to shake off the stresses of urban life and to relax with friends and family And yet as Troy Messenger shows the beach has been a site for religious revival for as long as it s been a haven from the workday world In this history of Ocean Grove New Jersey the first permanent camp meeting ground for religious revival Messenger examines how the emergence of the beach appeared hand in hand with America s need to escape the secular world of work through leisure and religious renewal Author note Troy Messenger is director of worship and a lecturer at Union Theological Seminary

Orientalism Revisited Ian Netton, 2012-12-12 The publication of Edward Said s Orientalism in 1978 marks the inception of orientalism as a discourse Since then Orientalism has remained highly polemical and has become a widely employed epistemological tool Three decades on this volume sets out to survey analyse and revisit the state of the Orientalist debate both past and present The leitmotiv of this book is its emphasis on an intimate connection between art land and voyage Orientalist art of all kinds frequently derives from a consideration of the land which is encountered on a voyage or pilgrimage a relationship which until now has received little attention Through adopting a thematic and prosopographical approach and attempting to locate the fundamentals of the debate in the historical and cultural contexts in which they arose this book brings together a diversity of opinions analyses and arguments

The New Era ,1873 **Norwich University Record** ,1930 A magazine intended for the alumni and friends of Norwich University

Health and Disease in the Holy Land Manfred J. Waserman, Samuel S. Kottek, 1996

Orientalism John M. MacKenzie, 1995 The Orientalism debate inspired by the work of Edward Said has been a major source of cross disciplinary controversy in recent years John Mackenzie offers a comprehensive re evaluation of the vast literature on Orientalism bringing to the subject some highly original historical perspectives The book provides the first major discussion of Orientalism by a historian of imperialism Setting the analysis within the context of conflicting scholarly interpretations Mackenzie carries the discussion into wholly new areas testing the notion that the Western arts received genuine inspiration from the East by examining the visual arts architecture design music and theater

Bleaney, 1994 [The Bible and Zionism](#) Nur Masalha, 2007-08-01 Does the bible justify Zionism Since the foundation of the Israeli state in 1948 Torah and tank have become increasingly inseparable resulting in the forced expulsion and subjugation of millions of indigenous Palestinians Nur Masalha s groundbreaking new book traces Zionism s evolution from a secular settler movement in the late 19th century to the messianic faith it has become today He shows how the biblical language of chosen people and promised land has been used by many Christian and Jewish Zionists as the title deeds for Israel justifying ethnic division and violence With Edward Said Masalha argues that a new politics of peace can only be achieved through a single democratic state which replaces religious zealotry with secular equality **Journal of Mediterranean Archaeology** ,1990 2003, /((□□□□-□□□□)□□□□□□□□ □□□□ □□□□□□ □□□□□□ □□□□□□□□□□□□ [Jerusalem's Other Voice](#) Nāṣir al-Dīn Nashāshībī, 1990 **The Journal of Jewish Studies** ,1989 **Painting the Holy Land in the Nineteenth Century** Yehoshua Ben-Arieh, 1997 The Holy Land has captures the attention of mankind since the very beginning of human civilization and even more so from the early days of Christianity Nineteenth century Palestine fired the imagination of the Western world Improved travel facilities and greater political stability in the Near East brought ever increasing numbers of visitors to the Holy Land affecting the quantity and quality of the pictorial depictions of its sites and scenes Like other countries in the exotic Muslim East Palestine also became a point of focal interest for painters of the Orientalist school The author has assembled a fascinating collection of unique works of art executed in the diverse styles of nineteenth century painting Around these reproductions many of them in colour he reconstructs the story of the artists who produced them who came from many European countries and from North America The result is an important and unique perspective on the sites persons events and customs of the Holy Land in that century [Tourism in Spain](#) M. Barke, J. Towner, Michael T. Newton, 1996 Spain is one of the world s main tourism destinations and tourism makes a major contribution to the Spanish economy During the past thirty years Spanish tourism has been a microcosm of many of the key issues facing tourism industries Thus it was a prime example of the rush to mass tourism and tourism development in the 1960s and 1970s but more recently faced a recession as a new generation of tourists sought new tourism experiences Spanish tourism is therefore now looking increasingly to alternatives to mass beach tourism particularly to cultural urban and ecotourism This book provides a review and critical analysis of tourism in Spain Written by authors from the UK Spain and USA it shows how Spanish tourism illustrates many of the topical themes currently of concern to tourism academics and professionals It provides a useful supplementary text for tourism courses and is also relevant to others such as geographers and economists [Britain and the Holy Land, 1838-1914](#) Mordechai Eliav, 1997 Great Britain was the first European power to establish a consulate in Jerusalem soon to be followed by other nations When the consulate was forced to close in late 1914 after the outbreak of World War 2 its records were burnt to avoid having them fall into the hands of the Turkish

authorities Mordechai Eliav has selected 135 documents dating from the appointment of the first consul in 1838 to the final report on the shutting down of the consulate in November 1914. The documents are not only indicative of the activities of the consulate and its officials; they also reflect political, social and economic developments in Palestine as a whole and in Jerusalem in particular for almost 75 years. The volume is an important contribution to British diplomatic history as well as to the history of nineteenth century Palestine.

Holy Land Mosaic Daniel Gavron, 2008. *Holy Land Mosaic* chronicles the less reported side of the Middle East scene: the ongoing projects of conciliation and coexistence between Israelis and Palestinians and between Arabs and Jews in Israel. Daniel Gavron presents a personal journey through the different movements.

A History of the Jews in Britain Since 1858 Vivian David Lipman, 1990. This book is the first scholarly overview of Anglo Jewish history covering the century and a half following the political emancipation in 1858 of the Jews in Britain, which is often viewed as a critical point in their history. V. D. Lipman studies the process by which the originally small Anglo Jewish community expanded as a result of the mass immigration from Eastern Europe, assisting with the new immigrants' acculturation and smoothing tensions with the larger British society.
