*The Mundo UFO Report* Laura Mundo,1978      *The Saucerian* Gabriel Mckee,2025-04-22 The strange but true biography of the colorful founder of Saucerian Books a central purveyor and promoter of flying saucer and conspiracist knowledge in the mid twentieth century Gray Barker 1925 1984 was an eccentric literary outsider filled with ideas that were out of step with the world An author and unreliable narrator of implausible stories Barker founded and operated Saucerian Books an independent publisher of books about flying saucers and other ideas at the fringes of popular discourse In *The Saucerian* Gabriel Mckee tells the fascinating story of Barker s West Virginia based press the unique corpus of materials it published and how office copying and self publishing techniques influenced the spread of paranormal beliefs and conspiratorial worldviews over the last century Following the development of UFO subculture Mckee explores the life and career of a larger than life hoaxer and originator of pseudoscientific ideas Ever an entertainer Barker established his reputation with one of the first flying saucer fanzines *The Saucerian* and with his first book the conspiratorial and sensationalistic *They Knew Too Much about Flying Saucers* By the close of the 1950s he had established a publishing imprint that brought out some of the strangest UFO related books of the era with a particular emphasis on flying saucer contactees Saucerian Books became a platform for those whose stories were too unusual implausible or crudely written for more mainstream publishers Though Barker himself was a skeptic he viewed the world of occult believers as a source of ongoing entertainment He also may have used the perceived eccentricity of flying saucer research or ufology to obscure his homosexuality from his small town neighbors From his place on the fringes of midcentury American culture Barker left an unmatched legacy in conspiratorial concepts that have become prominent pop cultural folklore including the Men in Black the Mothman and the Philadelphia Experiment As a mastermind behind the fantastical Barker s promotional efforts were the precursor to contemporary conspiracism      [The Gods Have Landed](#) James R. Baker,1996-09 Alien abductions satanic kidnappings the channeling of spirits the recall of past lives and other similar bizarre experiences are reported almost daily in the media Is there a rational explanation for these events According to Robert A Baker such irregular or supernatural experiences are manifestations of hidden memories a phenomenon in which experiences that originally make little conscious impression are filed away in the brain and later are suddenly remembered in an altered form In *Hidden Memories* the most recent scientific evidence on memory is used to dispel many supernatural beliefs and to show how the boundaries of human behavior are often misperceived by therapists especially those who adhere to fringe beliefs He shows how delusions and illusions affect behavior and discusses the role hypnosis imagination and suggestion play in the creation of other worldly

experiences Finally Baker looks at the media s role in aiding and abetting paranormal belief in addition to promoting the growth of superstitions and popular myths      **Encounters with UFO Occupants** Coral E. Lorenzen,Jim Lorenzen,1976
