## **The People Environment:**

People-Environment Studies: Promoting Sustainable Places and Behaviors Giuseppe Carrus, Tony Peter Craig, Adina Claudia Dumitru, Stefano Mastandrea, 2022-09-26 2019 Press Conference Records of Ministry of Ecology and Environment, the People's Republic of China Ministry of Ecology and Environment, 2020-12-21 This book introduces the press release work carried out by Ministry of Ecology and Environment of the People's Republic of China in 2019. It is divided into four parts each arranged chronologically. The first part contains the records of Li Ganjie Minister of the Ministry of Ecology and Environment who attended the press conference on Promoting Ecological Civilization and Building a Beautiful China. The second part contains the records of Minister Li Ganjie's attendance at the press conference of the National People's Congress and the Chinese Political Consultative Conference as well as the Minister channel. The third part contains the records of four press conferences on ecological and environmental protection held by the State Council Information Office of the People's Republic of China. The fourth part contains the records of 12 regular press conferences held by the Ministry of Ecology and Environment.

*Climate Change and the People's Health* Sharon Friel, 2018-12-03 Climate change and social inequity are both sprawling insidious forces that threaten populations around the world. It's time we start talking about them together. *Climate Change and the People's Health* offers a brave and ambitious new framework for understanding how our planet's two greatest existential threats come together, complement and amplify one another, and what can be done to mitigate future harm. In doing so, it posits three new modes of thinking: that climate change interacts with the social determinants of health and exacerbates existing health inequities; the idea of a consumption system—a network of policies, processes, governance, and modes of understanding that fuel unhealthy and environmentally destructive production and consumption; the steps necessary to move from denial and inertia toward effective mobilization, including economic, social, and policy interventions. With insights from physical science, social science, and humanities, this short book examines how climate change and social inequity are indelibly linked, and considering them together can bring about effective change in social equity, health, and the environment.

**The Environment and the People in American Cities, 1600s-1900s** Dorceta E. Taylor, 2009-11-23 This wide-ranging study of urban environmental history draws our attention to environmental challenges faced by American cities over the past four centuries, showing how understandings of race, class, and gender shape discourse on the environment.
