**Looking-Glass Wars: Spies on British Screens since 1960** Alan Burton, 2018-01-31 Looking Glass Wars Spies on British Screens since 1960 is a detailed historical and critical overview of espionage in British film and television in the important period since 1960 From that date the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema the spy thriller and of the new style spy writing of John le Carr and Len Deighton the

espionage story In the 1960s there developed a popular cycle of spy thrillers in the cinema and on television The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond films The study also brings new attention to espionage on British television and popular secret agent series such as Spy Trap Quiller and The Sandbaggers It also gives attention to the more realistic representation of spying in the film and television adaptations of le Carr and Deighton and other dramas with a more serious intent In addition there is wholly original attention given to nostalgic spy fictions on screen adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s and to historical spy fiction dramas which treated real cases of espionage and their characters most notably the notorious Cambridge Spies Detailed attention is also given to the secret state thriller a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service The study is brought up to date with an examination of screen espionage in Britain since the end of the Cold War The approach is empirical and historical The study examines the production and reception literary and historical contexts of the films and dramas It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films series and serials never previously considered

Island Madness Tim Binding,1999 It is 1943 and the German Army has been defeated at Stalingrad The Russians have taken 91 000 prisoners 145 000 German soldiers have been killed The tide is beginning to turn But on Guernsey and the rest of the Channel Islands the only British territory to have been occupied by German troops such a reversal is unimaginable Here in idyllic surroundings the reality of war seems a lifetime away While resentment runs high life goes on parties are held love affairs blossom and the Guernsey Amateur Dramatic and Operatic Players can still stage productions of Private Lives Babes in the Wood and Peter Pan albeit with suspiciously jackbooted pirates But when a young local woman is found murdered both the islanders and the occupiers are forced to acknowledge that this most civilized of wars conceals a struggle that is darker and more bitter than anyone cares to recognize
