Womans Trials:

Women on Trial Caroline Ingram, 2025-09-26 This book considers how legal rules and institutions affected the outcome of women's trials in nineteenth century Western Australia and how this was mediated by various social and cultural constructs It uses numerous case studies to determine the effect of legal representation co accused status Aboriginality and mercy on the outcome of these women's trials The stories of these mainly working class women often traced through trials records and witness depositions also illuminates the challenges and pitfalls of their lives the survival strategies they used to navigate these and the pathways that led them to be charged with serious crime Western Australia offers a different set of conditions for examining female criminality Its small population meant that women committing crime often became well known identities within their communities and may have been known at least by reputation to the limited number of men eligible for jury duty Western Australia's low population meant that the number of lawyers practising in the colony was small and that few judges were appointed During this period Western Australia also created separate laws to apply only to Aboriginal defendants meaning that Aboriginal women became subject to different laws to non Aboriginal women The book examines how and why some women appeared to receive a more lenient outcome whereas others were less fortunate Despite the all male nature of the criminal justice system in which they appeared some women appeared to possess a degree of legal literacy which allowed them to use the system to achieve a more favourable outcome in court This book will be of interest to scholars of criminology as well as those interested in the history of crime Western Australian history and the history of the criminal justice system in Australia Heresy Trials and English Women Writers, 1400-1670 Genelle Gertz, 2012-06-14 By analyzing the interrogations of Margery Kempe Anne Askew Marian Protestant women Margaret Clitherow and Quaker women Genelle Gertz examines the complex dynamics of women's writing preaching and authorship under religious persecution and censorship and uncovers unexpected connections between the writings of women on trial for their religious beliefs Women on Trial: the Revolutionary Tribunal and Gender Stephanie A.
