The Fourth Floor Doesn't Exist Elliot Crane, Some office floors are missing for a reason In The Fourth Floor Doesn't Exist burnout isn't just a metaphor it's a place Mira Vale is exhausted grieving and working herself past the point of survival when her office elevator stops on a floor that shouldn't exist Gray carpet Outdated cubicles Fluorescent lights that hum at a frequency that hurts your teeth And desks belonging to employees who vanished without explanation At first the fourth floor feels like a hallucination A stress induced break A metaphor for corporate burnout Then Mira realizes it's real and hungry As coworkers disappear impossible spaces bleed into reality and the line between psychological collapse and supernatural horror dissolves Mira must decide whether to keep running from her pain or confront the system that feeds on it A chilling blend of workplace horror psychological thriller and social commentary The Fourth Floor Doesn't Exist is for readers who know that modern work culture already feels haunted and suspect something is waiting in the gaps between deadlines This is not a ghost story It's worse
