Our Inner Ocean LeCain W. Smith, 2014-08-12 Good health is something we all aspire to, but it's so much more than just being free of disease. A perfectly functioning body, tranquil mind, and vibrant spirit working together harmoniously create the joy and happiness that put the good in good health and the worth into a life worth living. *Our Inner Ocean* describes ancient and new holistic modalities of practitioner-applied bodywork and revitalizing self-care practices. These illuminate our human potential and awaken our ability to attain and maintain perfect health and well-being. These modalities act as a springboard from which to dive into our inner ocean, the realm of wisdom within that is entered by making the body, breath, and energy our allies. This mystical space of awareness, intuition, peace, and love can become the resting place of the spirit, subtly working its magic on ourselves and others. Bodywork has long been recognized as a way to help people feel better physically, but the magic of touch can also help us tap in to the wisdom of the body, discover the power of the energy that permeates it, and evoke its innate healing ability. Self-care practices such as yoga, qi gong, breathwork, and meditation help us become our own healers. When we pass through these portals into the inner ocean, we can reduce stress and pain, release blockages, prevent and resolve dysfunctions, and ignite our spiritual nature. And in doing so, we make the world a better place.

Yoga for Age 60+ Meena Vad, George Matchen, 2011 Whether you're sixty, eighty, ninety, or somewhere in between, Meena Vad's inspirational, informative, and spiritually charged debut handbook *Yoga for Age 60: A Guide to a New Journey of Safe Yoga Practice at Home* is a smart read with a smart goal. With an engaging style and meticulously crafted illustrations, Vad prompts each of us to take control of our bodies and minds because when it comes to the later years, our health is in our hands. Go ahead, strike a pose. After years of studying Sanskrit, Vedic literature, and Ayurveda, and working as a Software Engineer, Meena Vad compares the human brain to a supercomputer. Each of us has a huge memory with different software and hard drives, and it all comes down to experiences and perspective. To her, the practice of yoga isn't confined to postures. Yoga depends on one's individual aptitudes, abilities, and preferences. It's about helping each of us manage the unique treasures of our journey and recharge our bodies and minds. Yoga also

celebrates our attitude of wonder curiosity and joy towards that which allows us to remain in the flow of life In twelve succinct chapters like Yoga of Postures Yoga of Breathing Pranayama Yoga of Meditation Dhyana Yoga Yoga of Devotion Bhakti Yoga and Yoga for Specific Conditions the author shows readers how to tap into vitality inner peace and harmony With over half the book dedicated to learning postures with the help of detailed descriptions and illustrations Vad allows readers to begin at home at their own pace A third component of this yoga tutorial is a section of poses for specific health conditions This allows readers to customize practice sequences to fit their individual needs Whether you re interested in yoga as a curative measure or for increased strength the journey to better health begins here In Yoga for Age 60 readers learn how a small amount of time doing yoga creates meaningful improvements in one s life Step by step instructions with illustrations are included for beginners and new ways for enhancing the practice are explained for practitioners As a further distinction from other yoga guides Vad shows the way of yoga by focusing on an individual s biological and psychological age rather than one s chronological age Here s to increased strength and power Here s to good health at any age
