The 5x questions checklist for an effective hybrid workplace model

01

What do people want?

As mentioned above, a successful hybrid work strategy and hybrid workplace model can only work if it's designed for the people.

Before making any significant decisions or investments, it's important to understand the preferences, needs, and expectations of the employees, IT staff, and the employees who would also need to manage it.

The way to build a hybrid work model is to first ask these things: who, for example, and where the most common challenges exist in your team.

Have you thought about how you could deliver a personalized employee experience? How will you support the employees' own needs as they work the experience in full?

Are decisions not for made by...
After work, the most pressing...
If you had there's...
