The Routledge Handbook of the Translation Industry Callum Walker, Joseph Lambert, 2025-07-31 The Routledge Handbook of the Translation Industry provides an accessible and comprehensive overview of current and emerging practices workflows and processes in the translation industry the professional and socio economic contexts in which industry actors operate and best practices in translation industry teaching and research in this rapidly developing field Comprising 33 chapters from scholarly and industry voices this handbook addresses the many issues arising from growing technologisation new trends in translation procurement and production and increasing pressures on the range of actors in the translation industry The content spans both bottom up and top down perspectives using a variety of theoretical praxiological and data driven approaches In addition to providing coverage of a range of well established professional profiles workflows and resources this handbook adopts a novel approach in addressing emerging topics such as global sustainable development and wellbeing

economics the platform economy and social media and the influencer economy The opening mapping chapter and final roundtable chapter provide fitting conceptual and forward looking bookends for the content This handbook offers a topical and much needed forum to engage with the challenges and opportunities facing the translation industry and constitutes an essential point of reference for students and researchers of translation as well as industry practitioners and professionals Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

The Routledge Handbook of the Gig Economy Immanuel Ness, 2022-10-31 Research on the growth of the precarious economy is of significant interest as the economy increasingly becomes dependent on gig work However as platform and automated service work has grown there remains a chasm in understanding the key aspects of digital labour This handbook presents comprehensive theoretical empirical and historical accounts of the political economy of informal work from the late 20th century to the present It examines the rich and varied analysis and critique of the informalisation of work focusing on its most significant theories intellectual traditions and authors It highlights the political social cultural and developmental impact of the deterioration of employment in the Global North and Global South as well as the extreme threat posed to the planet by the growth of contingent work poverty and enduring and increasing inequalities produced and reproduced by the reformation of capitalism in the contemporary age of neoliberal capitalism The period from the 1980s to the present is marked by the expanded extraction of surplus value from workers through the creation of non standard jobs and the restructuring of work A central component of the restructuring of work is the extension of gig employment through the development of algorithmic platforms which direct labourers to perform discrete tasks This is a definitive collection representing the primary reference work contributing to our understanding of the subject The book is written and presented in a clear manner accessible to scholars and researchers of international political economy labour economics and sociology who are eager for new research examining this phenomenon as well as specialists in the field of labour relations Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license
