*The Seminole*, 1926      *The Train Dispatcher*, 1930      **Columbia's Apostasy** Robert Stevens Pettet, 1899      **Drifting** Mike Freeman, 2011-09-01 This candid account of the author's two week canoe trip down the Hudson River offers an introspective and humorous look at both the river and Recession Era America New to fatherhood and fresh from ten years in an Alaskan village Mike Freeman sets out to relearn his country and realizes it's in a far greater midlife crisis than he could ever be With an eye on the Hudson's past he addresses America's present anxieties from race gender and marriage to energy labor and warfare with empathy and honesty acknowledging the difficulties surrounding each issue without succumbing to pessimism or ideology From the river's headwaters in the Adirondacks Freeman follows the Hudson south through America's first industrial ghost towns where ruin begs for rebirth Next is the Hudson Valley and the river's 153 mile estuary with its once teeming fisheries Here agriculture is redefining itself while at West Point officer candidates train for America's murky modern wars The Hudson Highlands too are prominent the place where Americans first wed God to nature and where the mountains remain a potent place to mull that bond From there it's on to Manhattan with its skyline that symbolizes the world's financial might as well as its startling fragility As controversial as it is comforting Freeman's narrative makes us think in hard ways about America as the country itself drifts toward an uncertain future But throughout of course is the magnificent Hudson whose resilient beauty speaks well both to nature's toughness and America's greatest strength the ability to redirect and change course when necessary
