**The French Left and European Integration** Sue Ellen M. Charlton,1972-01-01      **The French Political Parties of the Left and European Integration, 1947-1949** Frederick F. Ritsch,1962      **Socialists and European Integration** Byron Criddle,1969      *French Relations with the European Union* Helen Drake,2012-10-12 This scholarly work examines how key actors within French politics and society have related to the challenges and opportunities posed by the European Union and how these relations have driven or hindered change in France The collection invites the reader to explore below the surface image of a France troubled by its relations with the EU in the post Cold War era and see the dynamics of change in empirical detail Each chapter offers insights into specific aspects of the France EU relationship including the characteristics of Euroscepticism la fran aise amongst the electorate and political parties the dynamics of change in the political media and legal establishments in their dealings with the EU the priorities for labour business and la vie associative in their relations with French decision makers regarding the EU      **The French Political Parties of the Left and European Integration, 1947-1949** Frederick Field Ritsch,1989      **Euroscepticism and European Integration** Krisztina Arató,Petr Kaniok,2009      *The French Left and the European Idea, 1947-1949* Frederick F. Ritsch,1967      *Centre-left parties and the European Union* Isabelle Hertner,2018-01-30 Does European integration contribute to or even accelerate the erosion of intra party democracy This book analyses the impact of European Union EU membership on power dynamics focusing on the British Labour Party the French Socialist Party PS and the German Social Democratic Party SPD Utilising a principal agent framework it investigates who within the parties determines EU policies and selects EU specialists Drawing on original interviews with EU experts from Labour the PS the SPD and the Party of European Socialists PES as well as an e mail questionnaire this book reveals that European policy has remained in the hands of the party leadership The study also suggests that the party grassroots are interested in the EU but that interest rarely translates into influence As regards the selection of EU specialists this book highlights that the parties processes are highly political often informal and in some cases undemocratic      [Contesting Capitalism?](#) Richard Dunphy,2004 Keynes was an elitist and pro capitalist economist whom the left should embrace with caution But his analysis provides a concreteness missing from Marx and engages with critical issues of the modern world that Marx could not have foreseen This book argues that a critical Marxist engagement can simultaneously increase the power of Keynes s insight and enrich Marxism Dunn explores Keynes s work in the context of the extraordinary times in which he lived his philosophy and his politics By offering a detailed overview of his critique of mainstream economics and General Theory Dunn argues that Keynes provides an enduringly valuable critique of orthodoxy and develops a Marxist appropriation of Keynes s insights The book considers the prospects of returning to Keynes critically reviewing the practices that have come to be known as Keynesianism and the limits of the theoretical traditions that have made claim to his legacy      [The European left and the financial crisis](#) Michael Holmes,Knut Roder,2019-08-27 The global

financial crisis of 2007-8 did not offer the political and economic opportunities to the left that many thought it would. As financial institutions collapsed, traditional left-wing issues were apparently back on the agenda. However, instead of being a trigger for a resurgence of the left in many European countries, left-wing parties have suffered savage electoral defeat. At the same time, the crisis has led to austerity programmes being implemented across Europe. This book brings together essays that consider ten EU member states, including all bail-out recipients and some of the main donor states, in an examination of this crucial period for the left in Europe from a number of perspectives. Comparisons are presented between the various EU member states as well as different party families of the left, from social democracy through green left to radical left.

Social Europe, the Road Not Taken Aurélie Dianara Andry, 2022. Examines the European Left's attempt to think and give shape to an alternative type of European integration: a social Europe during the long 1970s, showing that the western European Left, in particular social democratic parties, trade unions, and Eurocommunist parties, formulated a project to turn capitalist Europe into a workers' Europe. **Socialist Parties and European Integration** Kevin Featherstone, 1988. **The National Union Catalogs, 1963-** 1964. **France, Europe, and the Institutional Construction of Interests** Craig Alexander Parsons, 1999. **Centre-left Parties and the European Union** Isabelle Hertner, 2018.
