The Frozen Republic:

The Frozen Republic Daniel Lazare,1996 Yet rather than asking whether the Constitution is a factor in the breakdown Americans blame their representatives in Washington the press or even themselves everyone and anyone except the men who created the government in the first place *Bulletin of the International Bureau of the American Republics* ,1906

Monthly Bulletin of the International Bureau of the American Republics, International Union of American Republics ,1907 **The Philippine Republic** ,1923 **Ratifying the Republic** David J. Siemers,2004-08-01 This book explains how the United States Constitution made the transition from a very divisive proposal to a consensually legitimate framework for governing The Federalists proposal had been bitterly opposed and constitutional legitimation required a major transformation The story of that transformation is the substance of this book The Republic of Virtue F. H.

Buckley,2017-11-28 Public corruption is the silent killer of our economy We ve spawned the thickest network of patronage and influence ever seen in any country a crony capitalism in which business partners with government and transfers wealth from the poor to the rich This is a betrayal of the Framers vision for America and of the Constitution they saw as an anti corruption covenant Most Americans get it and this explains the otherwise improbable rise of Donald Trump and Bernie Sanders When a country is corrupt legislative efforts to make things better can actually make them worse That s what has happened with our campaign finance laws says the conservative and not entirely without reason We ve criminalized political speech and sent the message that it s unsafe to get involved in politics without a lawyer at one s side Donor disclosure requirements have also unleashed Internet mobs that attack political opponents We d be better off without any of them Buckley argues in this provocative book They re a net with the curious feature that the big fish swim through safely while only the little fish are caught and those with the wrong political beliefs All such rules are a disaster and should be replaced by a different set of laws that focus on crony capitalism and the nexus of legislators and lobbyists that prey on our economy
