The Khrushchev Proposal Bob Wood,2005 *Foreign Relations of the United States, 1961-1963* Charles S. Sampson,John Michael Joyce,David S. Patterson,1998 State Department Publication 10544 Edited by Charles S Sampson et al Presents a full accounting of the overall nature and structure of United States Soviet relations together with a more detailed documentary record of those high level meetings discussions and policy debates on the broad range of issues making up the diplomacy of the cold war *The Last Gentleman* Bruce Smith,2022-01-04 A behind the scenes account of American foreign policymaking in the late twentieth century Tom Hughes assistant secretary of state for intelligence and research made an ominous prediction in 1965 In a seminal but less well known document of the Vietnam War Hughes predicted that the Democratic Party and the national consensus underlying the nation s foreign policy would break apart if the war escalated Hughes drafted the memo for his friend and fellow Minnesotan for whom he had previously worked as legislative counsel Senator Hubert Humphrey Humphrey had just been elected Vice President The memo called on President Johnson to seek negotiations to end the war but clearly failed to persuade him Tom Hughes saw his prediction come true Hughes served in the State Department through 1970 and then for 20 years as president of the Carnegie Endowment for International Peace He worked to reestablish a professional bipartisan foreign policy for the United States and to make the foreign service more open and democratic He also built the Carnegie Endowment into the nation s leading foreign policy think tank and he remained influential in foreign policy circles In this impressive biography Bruce L R Smith tells the story of this remarkable life which also reflects much of the story of America in the last half of the twentieth century Through the eyes diary and notes of a key participant the book provides a contemporaneous perspective on such major events as the Bay of Pigs fiasco and the CIA s Operation Mongoose against the Castro regime the Cuban missile crisis Vietnam and the elections of the 1960s This book is a firsthand behind the scenes account of the people who dealt with the great issues and made critical life and death decisions for America during the cold war **Foreign Relations of the United States** United States.
