Gehring, 2019-05-13 Woody Allen's Manhattan Murder Mystery has been described as a kind of Rear Window for retirees As this quote suggests an analysis of Alfred Hitchcock's methodical use of comedy in his films is past due One of Turner Classic Movies on screen scholars for their summer 2017 online Hitchcock class the author grew tired of misleading throwaway references to the director's comic relief This book examines what should be obvious Hitchcock systematically incorporated assorted types of comedy black humor parody farce screwball comedy and romantic comedy in his films to entertain his audience with comic thrillers

Body Double Lucy Fischer, 2013-01-15 Body Double explores the myriad ways that film artists have represented the creative process In this highly innovative work Lucy Fischer draws on a neglected element of auteur studies to show that filmmakers frequently raise questions about the paradoxes of authorship by portraying the onscreen writer Dealing with such varied topics as the icon of the typewriter the case of the writer-director the authoress and the omnipresent infirm author she probes the ways in which films can tell a plausible story while contemplating the conditions and theories of their making By examining many forms of cinema from Hollywood and the international art cinema to the avant garde Fischer considers the gender age and mental or physical health of fictionalized writers the dramatized interaction between artists and their audiences and critics and the formal play of written words and nonverbal images By analyzing such movies as *Adaptation* *Diary of a Country Priest* *Naked Lunch* *American Splendor* and *Irezumi* Fischer tracks the parallels between film author and character looking not for the creative figure who stands outside the text but for the one who stands within it as corporeal presence and alter ego
