The Last Nixon Watch:

Nixon's White House Wars Patrick J. Buchanan, 2018-04-03 From Vietnam to the Southern Strategy from the opening of China to the scandal of Watergate Pat Buchanan speechwriter and senior adviser to President Nixon tells the untold story of Nixon's embattled White House from its historic wins to its devastating defeats In his inaugural address Nixon held out a hand in friendship to Republicans and Democrats alike But by the fall of 1969 massive demonstrations in Washington and around the country had been mounted to break his presidency In a brilliant appeal to what he called the Great Silent Majority Nixon sent his enemies reeling Vice President Agnew followed by attacking the blatant bias of the media in a fiery speech authored and advocated by Buchanan And by 1970 Nixon's approval rating soared to 68 percent and he was labeled The Most Admired Man in America Then one by one the crises came from the invasion of Cambodia to the protests that killed four students at Kent State to race riots and court ordered school busing Buchanan chronicles Nixon's historic trip to China and describes the White House strategy that brought about Nixon's 49 state landslide victory over George McGovern in 1972 When the Watergate scandal broke Buchanan urged the president to destroy the Nixon tapes before they were subpoenaed and fire Special Prosecutor Archibald Cox as Nixon ultimately did in the Saturday Night Massacre After testifying before the Watergate Committee himself Buchanan describes the grim scene at Camp David in August 1974 when Nixon's staff concluded he could not survive In a riveting memoir from behind the scenes of the most controversial presidency of the last century Nixon's White House Wars reveals both the failings and achievements of the 37th President recorded by one of those closest to Nixon from before his political comeback through to his final days in office *Nixon's Shadow* David Greenberg, 2003 Nixon's Shadow rediscovers the competing images of the protean Richard Nixon showing how each was created and disseminated in American culture and how Nixon's tinkering with his own image often backfired **Richard Nixon** John A. Farrell, 2018-02-06 From a prize winning biographer comes the defining portrait of a man who led America in a time of turmoil and left us a darker age We live today John A Farrell shows in a world Richard Nixon made At the end of WWII navy lieutenant Nick Nixon returned from the Pacific and set his cap at Congress an idealistic dreamer seeking to build a better world Yet amid the turns of that now legendary 1946 campaign Nixon's finer attributes gave way to unapologetic ruthlessness The story of that transformation is the stunning overture to John A Farrell's magisterial biography of the president who came to embody postwar American resentment and division Within four years of his first victory Nixon was a U S senator in six the vice president of the United States of America Few came so far so fast and so alone Farrell writes Nixon's sins as a candidate were legion and in one unlawful secret plot as Farrell reveals here Nixon acted to prolong the Vietnam War for his own political purposes Finally elected president in 1969 Nixon packed his staff with bright young men who devised forward thinking reforms addressing health care welfare civil rights and protection of the environment It was a fine legacy but Nixon cared little for it He aspired to make his mark on the world stage instead and his 1972 opening to China

was the first great crack in the Cold War Nixon had another legacy too an America divided and polarized He was elected to end the war in Vietnam but his bombing of Cambodia and Laos enraged the antiwar movement It was Nixon who launched the McCarthy era who played white against black with a southern strategy and spurred the Silent Majority to despise and distrust the country s elites Ever insecure and increasingly paranoid he persuaded Americans to gnaw as he did on grievances and to look at one another as enemies Finally in August 1974 after two years of the mesmerizing intrigue and scandal of Watergate Nixon became the only president to resign in disgrace Richard Nixon is a gripping and unsparing portrayal of our darkest president Meticulously researched brilliantly crafted and offering fresh revelations it will be hailed as a master work

Powersharing Shirley Anne Warshaw,1996-04-25 The complex relationship between the White House staff and the presidential cabinet has changed dramatically in the last 25 years During that time the White House has emerged as the center of power in the domestic policy process leaving the departments with a diminishing role in initiating major policy proposals This book focuses on powersharing between the White House and the cabinet in the policy process and examines how and why the White House has become the dominant player relegating the departments to implementation rather than design of key initiatives Powersharing begins with an overview of the role of the modern cabinet and a discussion of the cabinet s emergence in a policy role and then in a chapter by chapter analysis of presidential administrations from Nixon through Clinton chronicles the shifting balance of power from the departments to the White House in both the design and management of the nation s major domestic programs The book concludes with an assessment of the prospects for effective powersharing between the cabinet and the White House staff

The Keys to Power Shirley Anne Warshaw,2015-09-25 An accessible and comprehensive main text for courses on the presidency this text argues that to be a successful presidential leader one must effectively manage the enormous institutional and personal resources or the keys to power Using the keys to power theme Warshaw argues that the presidency is far more powerful today than in past generations The book offers the most coverage in the market on the structures that provide the president with such power As a result there are discrete chapters dedicated to the vice president the president s cabinet the White House staff and the executive office of the President Standard topics such as the president and the economy are still covered but are integrated throughout the chapters
