The Last Word:

The Last Word Richard Loofbourrow, 2014-03 William St George is a tough talking lobbyist for gun rights who hides a dark side from everyone but those in his inner circle As a writer for the Socratic Rag Matt Tyson wants nothing more than to peel back the man's slick veneer and reveal the naked truth But moments after Tyson's interview with St George begins a bomb threat evacuates the building It seems the journalist's one chance to get the dirt behind the world of guns and big money in America has just slipped through his fingers Armed with a list of possible suspects who hate the NRA FBI Agent Alex Martini immerses himself in the bomb threat investigation But when a US Senator and a Supreme Court Justice are found murdered it becomes evident that a radical anti gun group and the NRA are embroiled in a vicious struggle that threatens the security of the nation Even so the real power may be in the hands of Tyson whose drive to write a good story soon leads him into dangerous territory In this political thriller an FBI agent and an investigative reporter uncover a sinister plot involving the NRA billionaire twins with a political agenda and a maniacal West Coast lawyer and only one of them will have the last word

The Last Word 2 Mick O'Hare, 2000 Does it really get warmer when it snows Why doesn't superglue stick to the inside of the tube How is it possible to uncork a bottle by hitting the bottom Can you drive through a rainbow Should you walk or run in the rain Why does soap make bubblebath collapse The leading science weekly the New Scientist runs a popular column The Last Word which invites readers to share their questions and curiosities about everyday scientific phenomena Providing a selection of the most compelling questions and answers from the column this book covers a wide range of subjects from plants and animals to the human body to gadgets and inventions Fun and informative it is fascinating reading for anyone who has ever asked themselves why is the sky blue

The Last Word Justin Gautreau, 2021 The Last Word argues that the Hollywood novel opened up space for cultural critique of the film industry at a time when the industry lacked the capacity to critique itself While the young studio system worked tirelessly to burnish its public image in the wake of celebrity scandal several industry insiders wrote fiction to fill in what newspapers and fan magazines left out Throughout the 1920s and 1930s these novels aimed to expose the invisible machinery of classical Hollywood cinema including not only the evolving artifice of the screen but also the promotional discourse that complemented it As likeminded filmmakers in the 1940s and 1950s gradually brought the dark side of the industry to the screen however the Hollywood novel found itself struggling to live up to its original promise of delivering the unfilmable By the 1960s desperate to remain relevant the genre had devolved into little more than erotic fantasy of movie stars behind closed doors perhaps the only thing the public couldn't already find elsewhere Still given their unique ability to speak beyond the institutional restraints of their time these earlier works offer a window into the industry's dynamic creation and re-creation of itself in the public imagination

The Last Word Michael Holmes, 2009-11-08 The Last Word is a snapshot of the next generation of Canadian poets the poets who will be taught in schools Voices reflecting the 90s and a new type of writing sensibility The anthology brings together 51 poets

from across Canada reaching into different regional ethnic sexual and social groups This varied and volatile collection pushes the notion of an anthology to its limits like a startling Polaroid Proceeds from the sale of The Last Word will go to Frontier College in support of literacy programs across the country

Last Words Karl S. Guthke,1992-10-30 Whether Goethe actually cried More light on his deathbed or whether Conrad Hilton checked out of this world after uttering Leave the shower curtain on the inside of the tub last words regardless of authenticity have long captured the imagination of Western society In this playfully serious investigation based on factual accounts anecdotes literary works and films Karl Guthke explores the cultural importance of those words spoken at the border between this world and the next The exit lines of both famous and ordinary people embody for us a sense of drama and truthfulness and reveal much about our thoughts on living and dying Why this interest in last words Presenting statements from such figures as Socrates Nathan Hale Marie Antoinette and Oscar Wilde I am dying as I have lived beyond my means Guthke examines our fascination in terms of our need for closure our desire for immortality and our attraction to the mystique of death scenes The author considers both authentic and invented final statements as he looks at the formation of symbols and legends and their function in our culture Last words handed down from generation to generation like cultural heirlooms have a good chance of surviving in our collective memory They are shown to epitomize a life convey a sense of irony or play to an audience as in the case of the assassinated Mexican revolutionary Pancho Villa who is said to have died imploring journalists Don t let it end like this Tell them I said something Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
