Life Rules Ellen LaConte,2012-09-01 Corporate capitalism has ravaged the planet the way HIV ravages the human body triggering a Critical Mass of cascading environmental economic social and political crises Economic and climate instability collapsing ecosystems peak fossil fuels and devastating resource wars if Earth were a patient her condition would be critical Life Rules offers a comprehensive analysis of our present circumstances combined with a holistic treatment protocol for restoring health to vulnerable human and natural communities Predicting that Life will last but if we don t make some fundamental changes life as we know it and a lot of us won t Life Rules identifies

natural laws that have allowed non human communities to thrive and prosper for several billion years including Local self reliance Mutual interdependence Reliance on non fossil sources of energy Resource conservation sharing and recycling Co operation and co intelligence Radically democratic self organization and governance This sobering yet essentially optimistic manifesto is required reading for anyone concerned about our ability to live well and also within Earth s means A powerful tool for community transition and cultural transformation Life Rules offers a solution to our global challenges that is at once authentically hopeful deeply inspiring and profoundly liberating

American Ecclesiastical Review ,1904 **Concordian Economics, Vol. 2** Carmine Gorga,2024-04-12 This is the second volume of a two part series on Concordian economics an innovative paradigm that builds upon the Aristotelian Aquinian tradition of economic justice Having introduced Concordian economics in the first volume as a compelling research paradigm that addresses the limitations of mainstream economics this second installment takes the exploration further by examining its real world applications in four policy areas With a focus on industrial organization labor markets monetary and fiscal policy the author advocates for a transformative approach to economic rights and responsibilities By promoting a moral economy this book offers a substitute to the Pac Man approach to industrial organization The book challenges traditional notions by discussing the ownership rights concerning larger corporations and offering visionary solutions in the steps of Louis O Kelso empowering workers and employees to participate in the ownership of robots and artificial intelligence The Fed has given a nod of approval to the creation of a new Concordian monetary system Following the advice of eight Nobel Laureates in economics the proposed fiscal reforms emphasize taxing only the value of land and natural resources ushering in a society where the use of our natural resources and machines serves the common good economic freedom thrives and forced income redistribution becomes obsolete This book illustrates a vivid vision of a world founded on universal economic rights and responsibilities offering fresh perspectives on a more just and sustainable future It appeals to scholars and students of economics and related fields as well as anyone interested in a free but just economic system
